Matt Byford
Head, ITF World Tennis Tour Juniors

Thank you for partnering with the ITF and staging a tournament on the ITF World Tennis Tour Juniors. I am delighted to share with you the Organisational Requirements for 2024 – the key resource to ensure your tournament achieves the standards and services expected on the Tour.

This new look resource has been created to support you on your tournament organisation journey and is split into 3 Key sections – Before the Tournament, Tournament Site and Personnel and During the Tournament.

As you move through this document look out for:

- *Useful tables at the start of each section*
- *Important paragraphs highlighted by green boxes*
- *All underlined words linking to further information*

We are grateful to Nations and Tournament Organisers for hosting and committing to deliver these requirements so that players, support teams, officials, tournament staff and fans can enjoy a high quality and consistent experience on the ITF World Tennis Tour Juniors.

You can be assured our team is here to support you each step of the way. Good luck.

INTRODUCTION

General

ITF World Tennis Tour Juniors (WTTJ) Tournaments must comply with the provisions of the [2024 WTTJ Regulations](#) and the 2024 WTTJ Organisational Requirements (this document, also referred to as the “Requirements”). These only refer to WTTJ Tournaments and not to WTT Men’s and Women’s Tournaments.

Any sanctioning National Association, and the Tournament Organiser, where separate (jointly the “Applicant”), who are awarded a one (1) year sanction on the WTTJ Calendar, shall be subject to, shall be bound by, and must comply with the [WTTJ Regulations](#), [ITF Return to Tennis Protocols](#) and the [ITF Guide to Recommended Health Care Standards](#), each of which may be amended from time to time.

Any financial rates and charges referenced in this document shall be in US Dollars (USD).

Applicants are advised that this document and the [Guide to Recommended Health Care Standards for Tennis](#) are essential reading prior to completion and submission of a Tournament application. Responsibility for ensuring compliance with these documents lies with the National Association, who must also ensure sufficient financial securities are in place.

ITF reserves the right to refuse approval of or cancel any previously sanctioned tournament or series of tournaments on the grounds of health, safety, security, or any other potential risk to the successful running of the tournament(s), including without limitation, any risk posed by the continuation and/or re-emergence of COVID-19, with no liability to the National Association, Tournament Organiser, or ITF. The Applicant is responsible for ensuring suitable safety and security plans are put in place for the tournament that comply with local laws, regulations, and best practice. This includes the timely completion and submittal of ITF security documents where specifically requested by the ITF.

The ITF reserves the right to amend these Requirements at any time. Updated versions of the document will be published on the ITF Website and National Associations must distribute the most up-to-date document to Tournament Organisers. Key documents regarding the organisation of the WTTJ Tournaments are available on the dedicated sections of the [ITF Website](#).

Before the Tournament

Health, Safety and Security

The health, safety and security of all persons involved in the Tournament, including players, officials, Tournament staff and spectators, are of principal importance. The Applicant is responsible for ensuring an adequate security plan is in place and implemented for the Tournament to protect all involved persons against any such problems.

The National Association, in association with the Tournament Organiser, must make the ITF aware immediately of any major issues or threats (e.g. political unrest, health epidemic, natural disaster) that could impact the progress of the Tournament, or the health, safety or security of persons involved, whether they occur in advance of or during the Tournament.

Tournament Organisers and National Associations are advised to have preparations in place to handle emergency situations. The ITF reserves the right to request the Applicant to submit security documentation for the Tournament or have additional security measures put in place because of security concerns.

Tournament Organisers are expected to monitor weather and if necessary, with consultation with the ITF Supervisor, make modifications to play in cases of extreme weather conditions such as heat, lightning, or other severe weather conditions. The Tournament Organiser and ITF Supervisor must adhere to the Extreme Weather Rule (Appendix E in the WTTJ Regulations) and the tournament must have a temperature and humidity recording device (e.g. sling psychrometer) to measure the Heat Index.

Security Guidelines are available on the ITF website. These guidelines must be followed, and any questions directed to the ITF.

Covid-19

Tournaments are advised to follow the local guidelines currently in place, regarding Covid-19 protocols and restrictions.

ITF World Tennis Tour Juniors

The ITF World Tennis Tour Juniors or WTTJ is the name for all ITF Junior tournaments for players aged 18 and under. The ITF World Tennis Tour Juniors provides a launch pad for the best players to go on and achieve success in the professional game.

Tournament categories are listed as J30, J60, J100, J200, J300, J500 and JGS (Junior Grand Slam). Each tournament will be identifiable by host city and grade. For example: J300 Cairo describes an ITF World Tennis Tour Juniors J300 tournament in Cairo (Egypt).

Entered Alternates that do not Sign-In either in person or by telephone will not be considered for inclusion in the draw.

Application

Completed Tournament applications for inclusion in the Tour are to be submitted to the ITF in accordance with the deadlines communicated to National Associations

Fact Sheet submission, Officials Proposal and Tournament Changes

To be submitted 9 weeks prior to the start of the tournament.

Tournament Sanction Applications

Before the Tournament

All information regarding Tournament sites, dates and draw sizes must be provided on the official [Tournament Application Form](#). The deadline for completed and signed Tournament Application Forms to be submitted to the ITF is seventeen (17) weeks for J30, J60, J100 and J200 tournaments, and twenty-one (21) weeks for J300, J500 and Junior Grand Slams. See Table on page eight (8) for further information on Tournament deadlines.

A new online Tournament Application and Fact Sheet submission system will be used in 2024. As directed by the ITF all National Associations/Applicants will be required to use this system once implemented.

For WTTJ Tournaments to be approved and sanctioned by the ITF for inclusion on the Calendars, the Tournament must have all necessary approvals from the relevant National Association and, if appropriate, the Regional Association.

The National Association is responsible for submitting the application form(s) and remains ultimately responsible for the proper organisation and running of the WTTJ Tournament. Prior to supporting and submitting a Tournament application a National Association must be fully appraised of the proposed Tournament site and organisation and be satisfied they meet the necessary requirements and standards for the intended level of Tournament.

Tournament Sanction Fees

Sanction Fee payments in 2024 are as follows:

Tournament Grade	Sanction Fee
J30	\$350 USD
J60	\$350 USD
J100	\$350 USD
J200	\$450 USD
J300	\$600 USD
J500	\$725 USD
Junior Grand Slam	\$750 USD

The appropriate Sanction Fee is to be collected by the National Association as soon as each Tournament is approved for the 2024 Calendar. The ITF will issue an invoice to the National Association for the amount due, which must be paid on receipt of the invoice.

Before the Tournament

Tournament Cancellations / Organisational Changes

No WTTJ Tournament may cancel, postpone, or make substantial changes to Tournament arrangements less than nine (9) weeks prior to the scheduled start of the Tournament. Violation shall subject the Tournament to a fine of up to US \$5,000, forfeiture of all sums, if any, previously paid or due to the ITF, reimbursement of unrecoverable expenses incurred, and/or denial of subsequent applications.

WTTJ Regulations

The WTTJ Regulations are issued and maintained by the WTTJ Committee for the purpose of ensuring the orderly and fair administration of WTTJ Tournaments. Each Tournament Applicant and each player entrant in a WTTJ Tournament agrees, as a condition of such entry, to abide by and be subject to the WTTJ Regulations, which include the WTTJ Code of Conduct and the ITF Welfare Policy, as amended from time to time by the WTTJ Committee.

ITF Responsibility

The ITF will assist in the overall organisation of WTTJ Tournaments through coordination of the international calendars and management of player entries.

Fact Sheet

Fully completed Fact Sheets must be submitted no later than 9 weeks before the Tournament start date to enable such information to be published on the IPIN site.

The National Association will be held liable for any unrecoverable costs and expenses incurred if incorrect information is provided and subsequently published.

Failure to comply with the deadline for submission of Fact Sheet information may result in the removal of a Tournament from the ITF Calendar.

Safeguarding Issues

Each Tournament Organiser must provide on the Fact Sheet, the name and contact details (address, email, and telephone) of the statutory authority in their country (or state, region if appropriate) that is responsible for safeguarding issues. Each country handles these matters differently, but typically the statutory authority would be the police or other local law enforcement agency, a child protection agency, social services agency, national association, or other similar type organisation.

In addition, each tournament must provide a contact person on-site which handles

Before the Tournament

safeguarding issues. The Tournament must provide the contact's name, email and telephone. On the Tournament Fact Sheet, the ITF will also provide details of the ITF's safeguarding reporting process.

Media, Commercial and Data Rights

The ITF's regulations regarding media, commercial and data rights are detailed in the WTTJ Regulations - Appendix N. For the avoidance of doubt, no sponsorship will be permitted either as part of the Commercial Rights or as Tour Sponsor Rights to any entity in respect of tobacco products, e-cigarette organisations, hard liquor products, betting companies, political activity, or other category deemed to be detrimental to the sport of tennis, as reasonably determined by ITF in consultation with the applicable National Associations. It is permitted to appoint casinos or national, regional or state sports lotteries as part of the above rights (with the prior approval of the ITF), provided they do not offer tennis betting as part of their business activity.

Insurance

The Applicant is responsible for taking out a suitable insurance policy which is compliant with local laws and regulations, and which insures against claims made for damage to property and for death/injury caused to people at the event for which the Applicant is legally liable. "ITF Ltd" and "ITF Licensing (UK) Ltd" must be named in the policy and on the certificate of insurance, and a copy must be provided to the ITF on request.

The Applicant is encouraged to take out those insurance policies that safeguard against employer's liability, business interruption and personal injury, as well as any other appropriate insurance policies recognised under local law. In addition, it is strongly recommended that the Applicant obtain and maintain event cancellation and abandonment insurance to insure against all reasonably known financial risks arising from the rescheduling, cancellation and/or abandonment in whole or in part of a Tournament due to force majeure.

ITF Branding Guidelines

Tournament Organisers will be provided with individual WTTJ logos in advance of the tournament. Tournament Organisers are required to produce and display the WTTJ logo, which must be included on; show courts, printed materials, tournament website(s), draw sheets, advertising, and promotional material, on-site or during broadcasts wherever the tournament logo or title is featured.

For full details please refer to the [WTT Branding Guidelines and Toolkit](#). Tournament Organisers can find the rules detailing permitted advertising in the [ITF Rules of Tennis](#).

Before the Tournament

Court Banners

Where on-court banners are used, they should be uniform in colour and must not be painted in light colours that will interfere with player visibility. All backdrops and windscreens (windbreaks) should not use shades of white or yellow lettering.

Where possible, ITF WTTJ branding above the minimum requirements as stated in the ITF WTTJ Regulations should be included. The following colours can be used:

- *PMS Cool Grey 2-4 / HEX #c8c9c7*
- *PMS 353c / HEX #80e0a7*
- *PMS 281c / HEX #00205b*

Advertising guidelines can be found in the ITF Rules of Tennis. Tournament Organisers can also download logos, credential templates, poster templates, and other promotional items from the ITF FTP site. Please contact the ITF for the link at juniors@itftennis.com.

Tournament Promotion

Tournaments are encouraged to promote their events within the local community and on social media. To promote your tournament on our international channels, send content to the ITF by emailing both content@itftennis.com and juniors@itftennis.com. Email subject line to be 'Tournament Media: tournament name, host nation, w/c date' (e.g. Tournament Media: J60 Faro, Portugal, June 6th). Please add the ITF emails above to your tournament media distribution list.

Videos

We welcome clips of match celebrations, key Match or Championship Points or short player interviews. Videos must be clear, both visually and audibly, no more than 60 seconds and free of embedded advertising. If you are using music accompaniment within videos, please ensure the music is either royalty free or you have obtained the necessary license to use it and confirm this in the email.

Photos

If you are considering sending photos to us, focus on the venue or host city pre-tournament, and the winning player(s) in action / with trophy during the tournament. Please send a maximum of 10 and ensure photos are of high-quality resolution, and feature ITF WTTJ branding in the background. Provide the name of the photographer if credit is to be given.

Social Media

We encourage you to mention [@ITF_Tennis](https://twitter.com/ITF_Tennis) and use the hashtags

Before the Tournament

#ITFWorldTennisTourJuniors and #ITFTennis on your Twitter, Instagram, and Facebook. This will help our media team identify your posts for possible interactions.

Wild Cards

Tournament Organisers are responsible for the selection and awarding of Wild Cards. Where a Wild card is offered to a player this must be in writing. Tournament Organisers must obtain written confirmation that the player accepts the Wild card, before the Wild card is confirmed. If required by the ITF, Tournament Organisers are obliged to provide an explanation of how the Wild Cards were selected at their tournament.

Pre-qualifying draws should not be held. However, if held under the sanctioning of the relevant National Association, pre-qualifying draws are permitted to determine Wild Cards for the Qualifying event, for national players only.

Deliverables and Checklist

Checklist	Pg.	X
Required Courts	16	<input type="checkbox"/>
Accreditation	22	<input type="checkbox"/>
Tournament Personnel	24	<input type="checkbox"/>

Tournament Site and Personnel

National Associations and Tournament Directors are reminded that all tournament support personnel and volunteers are bound by and must comply with the applicable provisions of the ITF World Tennis Tour Juniors Regulations, ITF Guide to Recommended Health Care Standard, the Return to Tennis Protocols, the ITF World Tennis Tour Juniors Code of Conduct and the Tennis Anti-Corruption Programme. This information shall be made available to tournament support personnel in advance of the Tournament.

It is recommended that all Tournament security personnel are screened for suitability prior to the tournament (see [ITF Security Guidelines](#)).

Venue Type

The Tournament must be held at a single venue in either an indoor or outdoor location and must be defined as such on the Application Form. A combination of indoor and outdoor locations is not permitted for a single Tournament unless circumstances out of the Tournament's control require matches to be moved to an alternative location. Tournament conditions on all match courts must be the same.

Tournaments held outdoors are advised to create a "bad weather" plan for staging the Tournament in the case of bad weather, e.g. identifying nearby locations with indoor facilities that may be used. Tournament matches may not be played on a combination of covered and uncovered courts, except when weather disrupts the schedule.

The overall venue should be free of distractions from excessive noise from other events, such as other sports games, matches, tournaments, concerts, etc.

Definition of an indoor court

An indoor court is one which is completely covered by a roof, and for which playing conditions are largely artificial.

Note: Artificial playing conditions would include artificial light, protection from rain, and little or no wind. Courts housed under a permanent structure (including 'air halls') but without walls may be defined as 'indoor' if the playing conditions are still largely artificial and temperature and/or humidity can be manipulated. Covered courts (including courts with retractable roofs) may be defined as 'outdoor' – even if artificial lighting is required – if they are exposed to other environmental factors or the roof is open by default.

Tournament Site and Personnel

Required Practice and Match Courts

At least one practice court per 32 (or fewer) players must be available for a minimum of 9 hours from at least one day prior to the start of the Qualifying event through to the completion of the tournament. Such courts must be available free of charge to all players accepted into the Main and Qualifying Draws up to and including the day of their elimination, as well as Alternates and Lucky Losers who sign the Lucky Loser/Alternate list for the given day. Accepted players have priority in using the practice courts.

Draw size	16	32	48	64
Grade	J30	J30, J60, J100, J200, J300	J30, J60, J100, J200, J300	J30, J60, J100, J200, J300, J500
Minimum no. of practice courts	1	2	3	4
Minimum no. of match courts	4	4	6	8
Tournament days (Main Draw)	4	5	6	6/7

Tournaments are encouraged to allow eliminated players continued use of tournament practice courts (free of charge) if/when they are not required by players still competing in the tournament. Experienced staff should be responsible for coordinating practice court bookings.

Practice courts shall preferably be of the same surface as the match courts, but this is not obligatory. Practice facilities need not be in the same stadium, but transport must be provided if two sites are used.

Courts with blended lines may be used for match and practice courts.

Blended lines (used as part of the ITF's Play+Stay and Tennis10s campaigns) must use the following specifications:

1. The pace of the blended lines shall be no more than 5 CPR points different from the average CPR of the court.
2. The colour of the blended lines shall:
 - Be within the same 'colour family' as the 'background' court colour (i.e. if the background colour is a shade of blue, then the blended lines shall also be a shade of blue).
 - Be lighter, but not darker, than the 'background' court colour. The colour variation from the background colour shall be no more than (+)22 points on the L* CIELAB scale (this is a measure of the 'lightness' of the colour). A practical way of ensuring

Tournament Site and Personnel

that this limit will not be breached is to add no more than 25% (by volume) of white paint to the background colour paint.

- Be 1-1.5 cm narrower than the other playing (court) lines.
- End 7-8 cm from the point at which they would intersect with the lines on the standard court.

Staffing and Recommendations

A member of the tournament staff must administer the practice court schedule, be onsite to take bookings during practice hours, and be able to apply the priority order (see above).

Court Requirements

Approval of all draw sizes on tournament applications is dependent on meeting the court requirements and at the discretion of the ITF.

The sanctioning National Association and Tournament Director must ensure that the match courts conform fully to Rule 1 of the Rules of Tennis. As a guide, for international competitions the recommended minimum distance between the baselines and the backstops is 21 feet (6.40m) and between the sidelines and the sidestops the recommended minimum distance is 12 feet (3.66m). The recommended minimum height to the ceiling (where appropriate) is 30 feet (9.14m). Only those venues which conform to the minimum distances recommended may be proposed to host ITF World Tennis Tour Juniors tournaments, unless prior approval has been obtained.

The facility where the Tournament is held must have enough courts **of the same surface** (see further details below) available for match play throughout the tournament week. **All Qualifying and Main Draw matches must be played on the same surface** unless backup facilities with a different surface (either under cover or not) are being used to complete the tournament due to adverse weather conditions. In exceptional circumstances, approval may be granted for the Boys and Girls events at J30, J60 and J100 tournaments to be played on different surfaces. If approved, the full duration of Qualifying, Main Draw singles and Main Draw doubles for each gender must take place on the same surface.

The number of courts may be reduced for indoor tournaments with the approval of the ITF Juniors Department.

All Tournament courts (match play and practice) must have the same performance characteristics – they must be of the same surface type (e.g. clay) and court pace classification (e.g. Category 2 (medium-slow)), as defined by the [ITF Technical Centre](#) and the court surfaces must have the same appearance, e.g. surface colours. The courts used at a Tournament need not be the same product/brand. Where multiple products

Tournament Site and Personnel

are used and not classified, court pace testing of the courts may be required.

All courts must be of a quality suitable for international competition, whereby court surfaces have a uniform appearance with no cracks or gaps between joints, and markings must be straight.

Courts and their fixtures must present no undue risk of injury to players, officials or spectators. The playability of a court shall be determined by the ITF Supervisor who may insist on work being carried out to improve the quality of court(s) before play begins. If there are insufficient playable courts and alternative solutions for conducting the Tournament cannot be found, the ITF Supervisor, in consultation with the ITF, has the right to cancel the Tournament, in which case the Tournament will be responsible for the reimbursement of reasonable expenses to all players.

Court Preparation

All courts must be kept clean, well maintained throughout the competition and safe for play. Clay surface courts shall be swept, watered (if necessary) and lines cleaned before the start of all matches. Carpet and hard courts shall be clean and cleared of all ball fluff, dust and debris as and when required. Grass courts shall be cut and maintained as required – recommended play height of the grass is no more than eight (8) millimeters. [Court Maintenance Guidelines](#) can be found on the ITF Website.

All match courts must have backdrops behind the baseline.

At J500 level, the main court shall have spectator facilities, for example at least small stands. Other courts shall also have viewing facilities not only for coaches and players, but also several seats for other spectators.

Court Equipment

The Tournament Organiser must ensure that all match courts are equipped with the following equipment prior to the start of play:

- Net, net posts, net straps, and singles sticks, all of which must comply with the Rules of Tennis. No advertising is allowed on the net, strap, band, net posts, or singles sticks except as provided in Appendix IV of the ITF Rules of Tennis. The nets and net straps must be in good/excellent condition and each tournament shall have spare nets and net straps available.
- Measuring device – a measuring stick, tape measure or other measuring device must be available for the measuring of the net height and location of the singles sticks.
- Chair Umpire's Chair (if required) – it is recommended that the height of the chair is a minimum of six (6) feet (1.82 metres) and a maximum of eight (8) feet (2.44 metres). The chair shall be centred along an extension of the net approximately

Tournament Site and Personnel

three (3) feet (0.9 metres) from the net post. It is recommended to have a small writing table to the right-side armrest of the Umpire's Chair.

- Line Umpires' Chairs (if required), all of which must be located on the extension of their respective lines along the side fence and not closer than twelve (12) feet (3.66 metres) from the doubles side-line.
- Players' Chairs – each Tournament must provide chairs for the players located on each side of the Chair Umpire.
- Umbrellas on courts are strongly recommended for players and chair umpires for tournaments held during hot weather conditions.
- Scoreboards – Tournaments should provide scoreboards for all courts.
- It is recommended that the Stadium court has a PA system (Microphone) for the chair umpire to announce the matches.

Two Tournament Sites

In the interests of players, officials, organisers and spectators and to ensure the Tournament is run as efficiently as possible, the entire Tournament should be held on one site only. If a second site is used – only for practice courts – then that site must be listed on the fact sheet and transport must be provided between the two Tournament sites. Please detail the site address and for which days the site will be used.

Lights

It is recommended that all tournament organisers measure the artificial court lighting of all match courts prior to hosting an event, so the organiser is aware in advance if the lighting is suitable for play (weather). For all Indoor events and tournaments with match schedule plans that require lighting the courts must meet the requirements below.

When matches are played under artificial lighting, the intensity of illumination must be sufficient for high-level international tennis i.e. minimum of 500 lux and distributed evenly over the court. The ratio of the highest to lowest light readings is recommended to be a maximum ratio of 1.5 : 1.

Light poles should be positioned so that light is evenly distributed around the court and the poles should be positioned not to affect player safety or match play.

The ITF Supervisor has the authority to suspend play on any court if the intensity of illumination, in their judgment, is insufficient for professional tennis.

Schedule of Matches

The Tournament Director must ensure that courts are available for the required number of days in accordance with the size of the draw.

Tournament Site and Personnel

Draw size	Duration
64	6/7 days
48	6 days
32	5 days
16	4 days

ITF Supervisor's Office

The Tournament Organiser must ensure a private office with a desk is made available to the ITF Supervisor. The ITF Supervisor must also be provided with:

- Wireless Internet Access, which should be a dedicated and stable WIFI connection with direct login, i.e. password only required, no log-in via a website, with recommended minimum upload speed of 5-10 Mbps;
- A minimum of one international telephone line must be operational from the Freeze Deadline (Wednesday 14:00 GMT) until completion of the Tournament. The number must be provided on the Tournament Fact Sheet;
- Printer with photocopier and scanner, sufficient supply of paper and ink.
- Communication devices, such as walkie-talkies, which must also be provided to the Chief Umpire, each Chair Umpire and Sport Physiotherapist.
- Microphone for Public Address System (if necessary).

Internet Access

The ITF Supervisor and Sports Physiotherapist should be provided with wireless internet access, which should be a dedicated and stable WIFI connection with direct login, i.e. password only required, no log-in via a website, with recommended minimum upload speed of 5-10 Mbps.

In addition, the players should have access to wired or wireless internet. A separate computer with Internet access must be provided for players, preferably free of charge or at a reduced cost. If player Internet access cannot be provided on-site the Tournament Organiser must make best efforts to indicate an alternative internet access location for use by players. If Internet access is available to players on-site it is recommended that a time limit is set per player.

Locker Rooms

Suitable and separate locker rooms for girls (female players) and for boys (male players) must be available, preferably adjacent to the Tournament courts. The locker rooms must not be accessible by the public.

There must be sufficient security to:

Tournament Site and Personnel

- Prevent public access and unauthorized entry
- Protect the players' personal belongings

A parent may be given access to the locker room, but the parent may only be in the locker room when their child is in the locker room.

There must be sufficient security to prevent public access and unauthorized entry, protect the players' personal belongings, protect players from corruptors, prevent unwanted/harmful interactions (Safeguarding Protocol).

For further information please see [Safeguarding Guidance](#) and [Security Guidance](#).

Player locker rooms must include toilets, showers and hand washing facilities (all cleaned multiple times daily), an adequate supply of toilet paper and wastepaper/sanitary bins.

Player Lounge

Each Tournament must provide a suitable Player Lounge area on-site for the duration of the Tournament for use by all players and their guests. If an outdoor tent with walls is used for the players' lounge, it must have portable heating (winter) or fans (summer). This area must not be accessible by the public. The area should be equipped with a computer, Internet Access, a television, sofas/comfortable chairs, and be supplied with fruit and water. It is also recommended that non-carbonated soft drinks, including sports drinks are provided – please consult the list of Recommended Food and Drink on page 36. The players' lounge must be freely available to all players still in competition. Tournaments are encouraged to allow eliminated players access to the lounge, lounge facilities and refreshments although this remains at the discretion of the Tournament Organiser.

Treatment and Fitness Room

A notice board must be placed in the Player Lounge or near the Tournament Desk. All player information must be clearly displayed and updated daily. This information must include the following day's Order of Play; updated draw sheets; transportation information; player notices, and other notices as required by the ITF.

A separate treatment room must be made available, preferably located near the courts. Alternatively (but not recommended) a partitioned area of the locker room may be suitable (for privacy reasons), provided this is well-ventilated and is of a suitable temperature, and is equipped with a wash hand basin.

Where possible, a fitness room containing cardiovascular and strength training equipment should also be made available, located at or near the Tournament site or

Tournament Site and Personnel

hotel, for players and their coaches.

Restaurant / Food Service

Tournament organisers must make reasonable efforts to ensure that all food and drink items provided for players are free of all substances listed in the prevailing version of the WADA Prohibited List.

Players must be allowed to bring food on-site to accommodate special dietary restrictions or other dietary needs.

Each Tournament must ensure there is a food station on-site at the Tournament where players can buy, at a reasonable cost, various types of food and drink suitable for athletes. It is strongly recommended that the food station is open throughout the day and evening to accommodate players involved in late evening matches. At Tournaments not offering complimentary hospitality, it is recommended that bottled water in sealed containers and fruit is available free of charge, particularly where tap water is not recommended. The system by which players are to obtain food (i.e. vouchers, tickets, or cash) should be made known to the players before the start of the Tournament. Please see pages 35–36 for a list of recommended foods and drinks.

Venue Access and Credential System

ITF Player Only Areas

Tournaments must provide adequate player-only areas/facilities. Access to these areas must be prohibited from non-accredited persons. Tournament security personnel are responsible for preventing non-accredited access to minimise any possible interaction between players and any potential courtsiders, corruptors and/or gamblers.

These areas must be designated “authorised access only”. Players and their nominated coaches must be issued with accreditation clearly displaying access rights and must be presented to Tournament personnel to gain access to these areas. The locker room must be limited to players only and those staff that need access to do their job. It is recommended that personal coaches be provided access to an alternate locker-room/facilities away from players locker-room.

Accreditation

Accreditation must be issued to all participants of an ITF tournament including, without limitation, all players, related persons (coaches, guests etc), Officials (ITF Supervisor, Chair and Line Umpires) and Tournament staff.

As part of tournament safety and security and to comply with ITF integrity requirements, accreditation policy must be designed with the purpose of controlling access and

Tournament Site and Personnel

movement of all individuals at the tournament venue. The Accreditation System should include:

- Responsible person(s) to manage the accreditation process
- Provided with tournament entry lists, personnel lists and ITF “no credential” list.
- Tournament-issued identification badges or credentials
- Categorisation of tournament personnel according to their positions, e.g. player,

Any suspicious interaction between players, officials or Tournament staff must also be reported to the *International Tennis Integrity Agency* (ITIA) at info@itia.tennis & the ITF at juniors@itftennis.com.

Coach/guest, official, media, tournament staff.

- A basic system can use colour-coded badges to identify each category.

On-site access

Clear “access charts”, used by security personnel/stewards to implement the security policy, should be posted at entrances to restricted access areas, such as the players’ locker room, treatment areas, the players’ lounge and match courts.

Accreditation must display:

- Full name of the person
- Nationality
- Role/Category (i.e. Player, Coach, Stringer, Chair Umpire etc)
- List of areas with access Rights (i.e. Venue, Courts, Player Lounge etc)

Accreditation should display:

- Headshot/passport style photo

Accreditation must be provided to:

- All Main Draw and Qualifying Singles and Doubles player
- Lucky Losers losing in the Last Round of Qualifying valid until all first round Main Draw matches have been played.
- At least the first three alternates in qualifying singles and main draw doubles valid until all first-round matches have been played.
- One guest, who shall be the player’s coach or guest.
- All tournament support personnel (Volunteers, staff, press, contractors, and officials)
- Every person collecting their accreditation must show a photo ID, preferably passport, to confirm their identity.

The granting of access/accreditation

Tournament Site and Personnel

Accreditation provided by the tournament or National Associations is subject to the following:

- All players who meet eligibility/entry requirements must be given access, unless determined otherwise by the ITF or the ITF Supervisor in accordance with the Regulations/Code of Conduct.
- Policies regarding access to practice facilities and locker room for players after they have been eliminated from the event shall be applied equally to both qualifying and main draw players.
- Compliance with 'non-credential' and "banned' lists distributed by the ITF or ITIA, and any other reasonable instructions from the ITF on restriction of access.
- No discrimination towards any individual, as per item a) ii. of the ITF Welfare Policy.

Non-Credential List

The ITF Supervisor will receive a Banned & No Credential List after the Freeze Deadline, who must then provide it to the Tournament personnel that oversee the issuing of credentials. Anyone with access to the list must not discuss or share the information provided on these lists to any individuals not involved with the operation of the tournament.

Tournament Director / Organiser / Administrator

Each National Association must designate one or more persons (i.e. the Tournament Administrator(s)) to be the point of contact for the ITF within the National Association for WTTJ Tournaments.

The Tournament Administrator(s) is responsible for submitting the Application and Fact Sheet to the ITF. In addition, the Tournament Administrator or their appointee is responsible for providing letters in support of Visa Applications for players.

The National Association must also designate a Tournament Organiser (also known as the Tournament Director) who will be responsible for all aspects of the organisation of the Tournament, except for all matters relating to the rules of competition as stated in the WTTJ Regulations, the Rules of Tennis and all on-court issues, which are the responsibility of the ITF Supervisor and/or ITF.

The Tournament Administrator and/or Tournament Organiser must be on-site throughout the whole Tournament, ready to solve any problems related to the organisation of the Tournament, players, officials, media, and spectators. They must be English-speaking and be fully aware of the responsibilities of their position.

The Tournament Organiser shall act in cooperation with the ITF staff and ITF Supervisor and will be responsible for compliance with the rules and regulations.

Tournament Site and Personnel

Officials

ITF Supervisor

Each Tournament must appoint and provide an appropriately certified official to act as ITF Supervisor. The ITF Supervisor must be available throughout the Tournament Week, from the Qualifying Sign-in until after the final match of the Tournament has been completed, unless otherwise approved by the ITF.

The Tournament Organiser is obliged to enforce the ITF Supervisor's decisions on site if required, for example denial of accreditation and/or access to the site following a default under the Code of Conduct.

The name and certification level of the designated Supervisor should be provided to the ITF Juniors department a minimum of 9 weeks prior to the event, at the time of submission of the fact sheet. The ITF Supervisor must be available throughout the Tournament Week, from the Qualifying Sign-in until after the final match of the Tournament has been completed, unless otherwise authorised by the ITF. The ITF Supervisor is the final authority for on-site issues related to the Rules of Tennis, the ITF World Tennis Tour Juniors Regulations and all on-court matters.

The ITF Supervisor's fee and all related costs are the responsibility of the Tournament Organiser and must be paid directly to the ITF Supervisor on site.

At all categories of Tournament, all other expenses related to the ITF Supervisor (i.e. flight, hotel (individual room – single occupancy), local transportation, hospitality, meals and any other necessary expenses) are the responsibility of the Tournament Organiser.

If other age category events will take place on-site during the tournament week, it is strongly recommended that the ITF Supervisor only officiate at the 18 & under event. The ITF Juniors Department must be informed at the time the application form is submitted. The ITF Supervisor is the final authority for on-site issues related to the Rules of Tennis, the WTTJ Regulations and all on-court matters.

Recommended Stringing Fee	\$15 (where player provides string)		\$15 (where player provides string)		\$15 (where player provides string)	

Sign-in

Players accepted into the Singles Main Draw or Singles Qualifying are not required to Sign-In with the ITF Supervisor. Entered Alternate players (who wish to compete), must Sign-In by contacting the on-site ITF Supervisor, either in person or by telephone. Entered Alternates that do not Sign-In either in person or by telephone will not be considered for inclusion in the draw.

Chair Umpires

Tournament organisers must pay a fee and provide full hospitality (hotel single rooms and meals) for the ITF Referee and Designated Chair Umpires and cover their travel costs. Since the cost of living varies so much in different countries around the world and exchange rates change regularly, the ITF encourages National Associations to agree fees with national officials in local currency.

Sports Physiotherapist

The Tournament Director must appoint an English-speaking Sports Physiotherapist (as defined in the ITF Guide to Recommended Healthcare Standards) to be available on-site during play to provide free on-court treatment to all players accepted and competing in the Tournament. The Tournament Director must ensure the Sports Physiotherapist has appropriate qualifications and experience to treat players. It is recommended that all reasonable off-court treatment is also provided free of charge to players.

Tournament Doctor

The Tournament Director must appoint and pay all costs for an English-speaking medical doctor to be always on call in proximity of the tournament site during playing hours. It is recommended that all reasonable off-court treatment is provided free of

Tournament Site and Personnel

charge to players.

The cost of hospital treatment or any other off-site medical treatment is the responsibility of participating players. Recommended health care standards at ITF World Tennis Tour Juniors Tournaments can be found [here](#).

Tournament Assistants / Tournament Desk

There shall be a tournament desk staffed at all times. Each Tournament must provide sufficient personnel to assist the Tournament Director and the ITF Supervisor with their administrative duties. Other assistants, a number of whom should ideally have previous tournament support experience and be English-speaking, must also be available to provide player support, i.e. assisting and advising players with tournament-related issues such as practice court bookings, hotel reservations and transport arrangements.

Court Maintenance Staff

The Tournament Organiser must appoint and pay all costs for a sufficient number of trained personnel responsible for the maintenance of the courts, who must be available on-site at all times and keep all match and practice courts to a required standard at all times. Court services personnel should be trained and aware of local laws regarding the proper handling of biohazardous waste.

Stringer

An experienced stringer must be available, preferably on-site, throughout the Tournament Week. The stringer must be available during the scheduled playing hours. Most players will provide their own string, therefore, a labour-only charge option must be available. It is recommended that the tournament stringer use an electric stringing machine.

At a minimum, stringing service must be available beginning the day prior to the start of the qualifying competition and continue through the last day of the competition, including any additional days due to weather or other unavoidable circumstances.

The stringing service must be on-site a minimum of one (1) hour prior to the start time for the first scheduled match of the day and must be available until the completion of play for that day.

If play is scheduled at an approved alternate site, then access to the stringing service must be provided at such alternate site from the start of play until play has been completed at that site.

Tournament Site and Personnel

The recommended maximum stringing fee that can be charged when the player is providing their own string is \$15.00 USD. It is recommended to keep the fee as low as possible to assist players.

Accreditation Staff

Each tournament must have at least one staff member that will oversee the accreditation process for the tournament. This individual and any other individuals responsible for accreditation must manage the credential process for the tournament. The credential staff must ask for a photo Id, preferably passport to confirm the identity of every person before handing over the accreditation.

The individual responsible for accreditation must work in conjunction with the ITF Supervisor and check the ITIA No Credential List, and ITF Banned and No Credential List and must develop a system that meets the ITF Guidelines.

Volunteer staff

Tournaments can be more successful with the support of volunteers. Volunteers can fill a number of valuable roles during a tournament, such as credential monitors for locker rooms or facility, fitness facilities access, ball persons monitor, player lounge monitor, photographer, player services assistance, scoring monitor, hospitality assistance, ticket office assistance, sponsorship hospitality, ushers, or other similar roles.

It is recommended that there is a coordinator for all volunteers is created to handle the applications. It is important to screen these individuals and follow local laws prior to them working. It is also important to provide clear job description and duties for all individuals assisting with the tournament.

Press Officer

It is recommended that a person who has good knowledge of tennis, has public relations or media experience and has strong local media contacts is appointed Press Officer for the Tournament. The responsibilities of a Press Officer may include issuing press releases about the Tournament to local media and dealing with requests from media both in advance and during the Tournament.

Ball Persons

If using Ball Persons, they should be trained prior to going on court for their first match. Ball Persons should understand tennis scoring and specifically how tiebreakers are played. The Ball Person should know their responsibilities and be trained on procedures for warm-up, change-over and ball change and positioning.

Tournament Site and Personnel

Clothing for ball persons shall not be light coloured, particularly white or yellow. For outdoor Tournaments played in high temperatures, it is advised that ball persons do not wear dark colours. It is recommended to have a shaded space for ball persons to gather before the start of play and for breaks during the day.

Balls

All balls used at WTTJ Tournaments must conform to the specifications and must have been approved by the ITF. The Tournament Organiser must apply to the ITF for approval at least 6 weeks in advance of the Tournament if it is proposed to use BALL TYPES 1 or 3.

J30, J60, J100 and J200

In Main Draw and Qualifying there shall be a minimum of three (3) new balls for each match; another three (3) new balls shall be provided for any third set in singles only.

J300

In Main Draw and Qualifying there shall be a minimum of four (4) new balls for each match; another four (4) new balls shall be provided for any third set in singles only.

During the Tournament

J500

A minimum of four (4) new balls are to be provided for each match and are to be changed at least after eleven (11) and thirteen (13) games in the main draw and at least before the third set throughout the Qualifying.

Practice Balls

Practice balls of a good quality and of the same type and brand as the match balls must be available for practice per day, free of charge, to any player accepted into the Main and/or the Qualifying Draw, from the day prior to the commencement of the respective draw until they are eliminated from the Tournament. Players must return practice balls.

Medical Equipment/Materials

The Tournament must provide all medical equipment and materials as outlined in the [ITF Guide to Recommended Health Care Standards](#) for Tennis Tournaments document, for use by the Sports Physiotherapist.

Some of the items the tournament must have available for the Sport Physio are as follows:

- Soap and water
- Towels
- Ice for treatment
- Ice bags
- Ice available on-court (as needed)
- Drinking water in individually sealed container
- Medical gloves
- First Aid Kit - necessary items to treat athletes
- Automatic External Defibrillator (AED)
- A WBGT - Wet Bulb Globe Temperature Meter

Water, Ice and Towels (On Court Supplies)

Bottled water (in individually sealed containers) must be provided on court for players during all matches. It is recommended that water dispensers are available on each court for players to re-fill their bottle throughout matches. If water dispensers are used, they should be monitored and replaced when low. If bottled water is the only water available to players, there should not be a limit placed on the number of bottles a player can have during a match.

Ice should be available to players during the tournament. Ice coolers and Ice bags should be available on court during hot days and should be available to treat injuries after their matches. It is recommended that ice coolers with ice bags be placed on each match court.

Water, Ice and Towels must be routinely checked after each match, and any unsealed

During the Tournament

bottles and drinks or other products not supplied by the Tournament must be removed from the court/coolers.

Each Tournament must have a spill kit, which is maintained by court maintenance staff, for the proper clean up and disposal of biohazardous material on each court and hand sanitizer must be available for use by ball persons following handling of used towels. In Extreme Heat Conditions it is recommended to provide umbrellas, fans and ice towels.

Accommodation

Room Policy (applicable to both hotels, and private housing)

- Official tournament hospitality for coaches and players shall be provided separately and bedrooms may only be shared by players of the same sex.
- Requests to share hotel accommodation or bedrooms in private housing by players and coaches from the same or opposite sex must at all times be refused.
- Coaches may stay with the same host family as a player, with the written consent of each of the player's parents and the coach.

The only exception allowed to this rule is when a National Association nominates a parent, or a person related to the player and authorised in writing by the player's parent, as the official coach/representative.

Hotels

Each Tournament must appoint an official hotel, which is of a suitable international standard, and negotiate reduced room rates for players. If rates at the official hotel are high, details of alternative cheaper accommodation must also be provided, which must be within a reasonable distance of the site. Tournaments must reserve enough rooms for entered players. The reservation deadline must not be earlier than the Withdrawal Deadline for the Tournament (i.e. 13 days prior to Monday of the Tournament).

Players cannot be required to book their hotel room through a Tournament Organiser or National Association unless the tournament is offering free hospitality and the tournament staff is managing those rooms. If a player makes a reservation with a travel agent, through an alternate vendor or other legitimate retailer the tournament organiser must provide the same access to practice courts as to those players who booked through alternate methods.

The Tournament Organiser must ensure the Tournament Hotel is screened prior to being submitted on the Fact Sheet. The safety and security of players must be the key factor in the selection of an official accommodation, and it must meet the following standards:

During the Tournament

<p>A. Safety and Security</p> <p>Reception or management staff available 24 hours. Separate security staff available 24 hours/day. Criminal background checks or security screening for all staff. Guests must show ID to get room keys. Safe facilities available for guest valuables.</p>	<p>B. Emergency Procedures</p> <p>Emergency and evacuation procedures in place. Compliant with fire codes and others as applicable (e.g. earthquake, tornado). Hotel fitted with working smoke detectors/alarms/sprinkler systems. Staff trained in emergency management procedures.</p>
<p>C. Room Standards</p> <p>Guestrooms require key card entry and equipped with deadbolts. Guestrooms equipped with one-way peep holes (recommended). Guestrooms equipped with telephones. Bathroom and toilet facilities in each guestroom, separated from sleeping area by closing/locking door. Disabled access and facilities available.</p>	<p>D. Hotel Cleanliness</p> <p>A high standard of cleanliness maintained throughout the property. Housekeeping/ laundry meets national hygiene standards. Restaurants/ kitchens meet national food service and storage standards.</p>

The National Association should use all reasonable endeavours to ensure that:

- players have exclusive use of the hotel or, where exclusive use is not possible, that players' rooms are grouped together (for example, on a particular floor), with a separate group of rooms for each sex;
- where a player has a disability, the hotel and the player's allocated room are accessible and particularly that the hotel has adequate facilities;
- players' access to hotel facilities (for example, Wi-Fi, adult films, kettle, mini-bar, gym, swimming pool) is capable of being restricted as appropriate to the player's age. Suitable risk assessments should be documented to identify and manage risk.

- Official tournament hospitality for coaches and players shall be provided separately and bedrooms may only be shared by players of the same sex.
- Requests to share hotel accommodation or bedrooms in private housing by players and coaches from the same or opposite sex must always be refused.
 - Coaches may stay with the same host family as a player, with the written consent of each of the player's parents and the coach.
 - The only exception allowed to this rule is:
 - When a National Association nominates a parent, or a person related to the player and authorised in writing by the player's parent, as the official coach/representative.

The Tournament Organiser must ensure the Tournament Hotel is screened prior to being submitted on the Fact Sheet.

During the Tournament

PLAYERS – Shared room – 2 – 4 players per room – all players must have an individual bed. Space in the room must be relevant to the number of occupants. Players in shared rooms will be of the same sex.

COACHES/ACCOMPANYING PEOPLE – Single room – Official National Association coach/accompanying person must be provided with a single room and must not share with player(s) but should be in close proximity to react to any emergency e.g. fire evacuation, player illness.

Private Housing

If private housing is provided to players from the National Association and/or Tournament Organiser, then they must ensure that the following minimum requirements are met.

Private housing may only be used to accommodate players with the consent of the player and player's parent(s). Private housing may only be used for coaches with the consent of the coach. Accommodation of coaches and players together is permissible solely in accordance with the Room Policy (above). Each host family's residence must be located in a safe part of the town/city.

Criminal and other appropriate background checks must be carried out on all adult members of host families, in accordance with the National Association's own procedures and local law and regulations. The National Association must ensure that its procedures, such as the provision of references and self-disclosure of convictions, comply with local law and regulation.

All adult members of a host family must agree to comply with the child safeguarding procedures from their National Association in respect of personal checks. The National Association must produce and apply a Code of Conduct for host families, which must be formally acknowledged and accepted in writing by the adult members of each host family. The National Association must keep records of all such acknowledgements from host families.

The National Association must ensure that an appropriate tournament representative undertakes a home visit at each host family's residence shortly before the tournament to check the appropriateness of the arrangements made by the host family for each player.

Players must be placed with families in which there is a player of a similar age and, where possible, of the same sex. If players are of different sexes, the host family must contain both sexes within the household. Players of different sexes are not permitted to share the same room.

During the Tournament

Visiting players must have their own bedroom, although it is acceptable for a player to share a bedroom with another junior player or minor known to them of similar age and of the same sex. Toilet and bathroom facilities must be private;

- If any visiting player has a disability, the National Association must ensure that the host family is aware of any special requirements and arrangements, such as size of room, access to bathroom facilities and medical needs, which must be appropriate for the player.
- The National Association must ensure that the host family is aware of any special dietary requirements, including allergies, for any player they are hosting;
- The National Association must make the host family aware of the arrangements for collecting and transporting the guest players throughout the duration of the tournament. Those travel arrangements should be such that players do not travel to or from the tournament alone or without an adult.
- Players must have easy telephone access to (or other appropriate means of reaching) coaches/staff whilst staying with host families. In particular, the National Association must ensure that all guest players and host families are provided with contact details and clear instructions for how to contact the Designated Safeguarding Officer(s), or other responsible Officer(s), of both the host National Association and the player's own National Association

Tournament organisers are encouraged, but not obliged, to offer accommodation to any player or coach who resides within 50km of the tournament venue. An organiser must specify their selected approach on the Application Form. Any on-site meals must however continue to be provided to all players and coaches.

If hospitality is provided to an official team from a country, it is preferable, but at the discretion of the tournament committee, that hospitality be extended to all members of that team until the day after the last player is eliminated from the singles and/or doubles Main Draw. Tournaments may not restrict the provision of hospitality to a set number of participants per country.

Tournament organisers may wish to offer improved hospitality to participants (above the minimum requirement for their Grade level), in which case this is permitted and encouraged.

Food and Drink

BREAKFAST – a combination of the following must be provided:

- Low sugar breakfast cereal
- Fresh Fruit

During the Tournament

Skimmed milk
Yoghurt
Toast
Cheese
Pancakes
Cold meats / Eggs
Multigrain Breads / Bagel
Fruit Juice
Rice Crackers
Cold Cereals
Nuts

LUNCH AND DINNER – choices from:

Pasta (minimal oil / butter in accompanying sauce)
Fresh Steamed Vegetables
Salad
Low fat meat, chicken turkey
Rice
Fish
Potatoes
Tofu
Bread
Hard Boiled Eggs
Fresh Fruit
Broth-based soups
Yoghurt

Deep fried foods must be avoided.

Food and drink items provided must comply with the [Tennis Anti-Doping Programme](#). All drinks should be provided in individually sealed bottles or cartons. The quantity of food must be adequate to sustain the needs of a young athlete.

Players are solely responsible for all substances they eat and drink, and, therefore, all such food and drink is consumed at his/her own risk. Ingestion of contaminated food and/or drink will not excuse an Anti-Doping Rule Violation. Some manufacturers may provide 'guarantees' against contamination of their products by Prohibited Substances. Any such 'guarantee' will not, however, result in any sanction imposed on a player arising from consumption of a contaminated product being waived or suspended.

J30 and J60 tournaments are encouraged to offer hospitality, however this is not a requirement.

Tournament organisers are encouraged, but not obliged, to offer accommodation to any player or coach who resides within 50km of the tournament venue. An organiser must specify their selected approach on the Application Form. Any on-site meals must however continue to be provided for all players and coaches.

If hospitality is provided to an official team from a country, it is preferable, but at the discretion of the tournament committee, that hospitality be extended to all members of that team until the day after the last player is eliminated from the singles and/or doubles Main Draw. Tournaments may not restrict the provision of hospitality to a set number of

participants per country.

Per Diem

Where a tournament organiser provides a per diem allowance, this must be used by players (and coaches where full hospitality is provided) at the official hotel only. A player requesting single occupancy will receive a 50% payment towards room and meal costs, but a player sharing a twin room will have his/her room and meal costs covered in full.

Tournament organisers may wish to offer improved hospitality to participants (above the minimum requirement for their Grade level), in which case this is permitted and encouraged.

“Full Hospitality” (Tier 1)

“Full Hospitality” means the provision of meals and accommodation which meet the minimum standards set out below:

Hospitality shall commence the evening before the first day of the Main Draw and end the day after the elimination of the player or the morning following the completion of the tournament, at the discretion of the tournament committee. With the exception of those players who qualify for the Main Draw the tournament has no obligation to provide for players competing in the Qualifying competition.

Official coaches must be nominated by the National Association by the Freeze Deadline in order to be given hospitality. No other coaches shall be guaranteed hospitality. Any official coach nominated by his/her National Association to receive hospitality must have registered for an annual Player Support Team ID at this website: <http://playersupport.itftennis.com>. The Player Support Team ID must be communicated to the tournament by the National Association when nominating the official coach. Any coach without a valid Player Support Team ID will not be entitled to hospitality.

If hospitality is provided to an official team from a country, it is preferable, but at the discretion of the tournament committee, that hospitality be extended to all members of that team until the day after the last player is eliminated from the singles and/or doubles Main Draw. Tournaments may not restrict the provision of hospitality to a set number of participants per country.

“Reduced Hospitality” (Tier 2)

“Reduced Hospitality” means the provision of accommodation which meets the minimum standards set out below, and breakfast only. Reduced Hospitality does not apply to coaches; tournaments offering Reduced Hospitality are not required to provide any hospitality for coaches.

During the Tournament

Hospitality shall commence the evening before the first day of the Main Draw and end the day after the elimination of the player or the morning following the completion of the tournament. Except for those players who qualify for the Main Draw the tournament has no obligation to provide for players competing in the Qualifying competition.

If hospitality is provided to an official team from a country, it is preferable, but at the discretion of the tournament committee, that hospitality be extended to all members of that team until the day after the last player is eliminated from the singles and/or doubles Main Draw. Tournaments may not restrict the provision of hospitality to a set number of participants per country.

“Reduced Hospitality” (Tier 3)

“Reduced Hospitality” means the provision of accommodation which meets the minimum standards set out below, and breakfast only. Reduced Hospitality does not apply to coaches; tournaments offering Reduced Hospitality are not required to provide any hospitality for coaches.

Tier 3 Reduced Hospitality shall commence the evening before Singles quarter finals and/or doubles semi-finals and end the day after the elimination of the player, or the morning following the completion of the tournament.

The food and drink items provided must comply with the Tennis Anti-Doping Programme. All drinks should be provided in individually sealed bottles or cartons. The quantity of food must be adequate to sustain the needs of a young athlete.

Players are solely responsible for all substances they eat and drink, and, therefore, all such food and drink is consumed at his/her own risk. Ingestion of contaminated food and/or drink will not excuse an Anti-Doping Rule Violation. Some manufacturers may provide ‘guarantees’ against contamination of their products by Prohibited Substances. Any such ‘guarantee’ will not, however, result in any sanction imposed on a player arising from consumption of a contaminated product being waived or suspended.

Transport

During the Qualifying and Main Draw of J100, J200, J300 and J500 tournaments, where walking time is more than 15 minutes, transportation must be available free of charge for all players between the official hotel and the tournament site. If necessary, this should be organised on a reasonable schedule throughout the hours of play, including practice. Details of the transportation service must be given to players on arrival and displayed at both the tournament site and hotel.

Detailed information about transportation between the nearest airport and official hotel/tournament site as well as approximate fares by train, bus and taxi must be

During the Tournament

provided in the Fact Sheet.

Transportation must be provided for the ITF Supervisor between the nearest airport/railway station, tournament site and official hotel.

In addition to the transportation requirements, if a tournament wishes to provide details of a walking route between the official hotel and tournament site, the safety of all pedestrians must be a primary consideration. As a guide, “walking distance” should be no more than 1.5km, or take no longer than 15 minutes.

The tournament must make best efforts to provide transportation for the benefit of the entered players between the nearest airport and/or railway station and the tournament site/official hotel. If this is not possible, precise travel directions and a guide to likely cost must be included in the Fact Sheet.

Laundry

It is recommended that each Tournament Organiser negotiate a reduced priced laundry service (whether per item or per bag) with the tournament hotel or another laundry facility near the site or hotel.
