Advancement of 2nd Placed Teams from the Round Robin Stage.

Draw sizes of between 17-23 teams in the ITF Masters World Team Championships. The method is determined by the ITF Masters Committee, who last reviewed the procedure in October 2024.

Each group winner shall qualify for the Quarter Finals of the main draw knock-out.

Any vacant positions in the main draw Quarter Finals will be filled by 'lucky loser' teams in line with the following process:

- All teams that finish in 2nd place in the final group standings will be ranked in order of their two (2) highest ranked players based on the latest ITF Masters Singles Rankings within the same age category.
- Not all 2nd placed teams will be included in the lucky loser draw process. The number of second-placed teams considered for the lucky loser draw process will depend on the number of vacancies:
 - If there is one (1) vacancy in the main draw quarter finals, this shall be drawn amongst the (2) highest-ranked teams finishing in 2nd place in their round robin group.
 - If there are two (2) vacancies in the main draw quarter finals, this shall be drawn amongst the three (3) highest-ranked teams finishing in 2nd place in their round robin group.
 - If there are three (3) vacancies in the main draw quarter finals, this shall be drawn amongst the four (4) highest-ranked teams finishing in 2nd place in their round robin group.
- Vacant positions in the Quarter Finals shall firstly be allocated to the opponent of Line 1 (expected #1 seed), followed by Line 2 (expected #2 seed), and so on.
- Except for draw formats where only one (1) "lucky loser" is drawn, a "lucky loser" shall not be drawn to play the winner of their own round-robin group.
- Teams that are not drawn shall be included in the playoff stages for position 9th onwards.
 - Draw Formats of 6 and 12-16 teams will advance group winners and 2nd placed teams to Quarter Finals.
 - Draw Formats of 17-23 teams will advance to Quarter Finals with group winners and one (1), two (2),

Completion of Matches

All singles and doubles matches in the round-robin and playoff stage must be completed. This includes all medal matches. Failure to play any match shall result in all players in the team receiving zero (0) ranking points for their participation in the ITF Masters World Team Championships.

Notes:

- The mandatory completion of doubles matches in the playoff stage has been introduced by the ITF Masters Committee for all 2025 ITF Masters World Team Championships.
- Significant ranking points are available in the ITF Masters World Team Championships, based on wins at each stage of the competition.
- The ITF promote opportunity and participation. Teams often nominate four (4) players for the event. Non-completion of doubles often restricts the ability for players to compete in the event.
