ITF World Tennis Masters Tour - World Team Championships

Individual Ranking Points Allocation

The following criteria is in place to award ITF World Tennis Masters Tour (“WTMT”) Ranking Points to players competing in the ITF WTMT World Team Championships.

Players can compete in a maximum of 6 matches during the Team event. For example, in a 23-team event, a team may play in a Round Robin Box of 4 teams (3 matches) and progress to Quarter Finals, Semi Finals and Final. Whilst some teams can play 5 or 6 matches, several teams may play only 4 matches.

- Individual players will earn accumulated ranking points for each match (rubber) won.
- The best four (4) results – based on ranking points earned – for each player will be added together to determine the points earned during the World Team Championships.
- Players will earn a minimum of 1 ranking point for competing in the World Team Championships.
- Points are earned based on the round in which the match was played, as defined below.
- Singles and Doubles points will be applied separately as is the case in Individual Tournaments. The following tables demonstrate how points will be awarded:

Round Robin Stage

All match wins at the Round Robin stage will earn players the same value of ranking points.

Round Robin Stage (Days 1-3 of Team Event) Includes any Round-Robin draw in second stage of competition (Days 4-6) for 4 th position onwards.	125 points per win	100 points per win

Second Stage Play-Off Draws (Days 4-6)

Following the round robin stages (Days 1-3), additional points may be earned from players competing in the remaining days of competition which recognise the increased strength of opponent.

Round of Match	#1 Singles and #1 Doubles	#2 Singles

The maximum ranking points that can be earned by a player in the 2025 ITF Masters World Team Championships is 1,225 points for the event.

Player 1 Example

Team does not qualify for the Main Draw

- Player wins 2 matches at #1 singles in the Round Robin Stage = 125 points + 125 points
- Player wins 1 further match at #1 singles in the non-main draw Playoff Stages = 125 points
- Player total = 375 points (3 wins = 125 points per win)

Player 2 Example

Team qualifies for Main Draw

- Player wins 2 matches at #2 singles in the Round Robin Stage = 100 points + 100 points
- Player wins match at #2 singles in the Quarter Finals = 200 points
- Player loses match in the Semi Finals = 0 points
- Player wins match at #1 singles in 3rd/4th Playoff = 350 points
- Player total = 750 points (Best 4 results = 100 + 100 + 200 + 350)

Player 3 Example

Team wins the event, and player wins all doubles matches played.

- Player wins 2 matches in doubles in the Round Robin Stage = 125 points + 125 points
- Player wins doubles match in Quarter Finals = 250 points
- Player wins doubles match in Semi Finals = 350 points
- Player wins doubles match in Final = 500 point
- Player total = 1225 points based on best 4 results (125+250+350+500).
-

The examples above show successful players winning multiple matches. Most players will not win 3+ matches in this way and will likely earn points equivalent to MT400 tournaments should they win matches in any respective event. A total of 1225 points is the maximum points total that can be earned if a player wins all matches up to and including the Gold Medal match.
