I Organising Men's & Women's ITF World Tennis Tour tournaments during the Covid-19 pandemic

Introduction

In order to support the safe organisation of international tennis tournaments, the ITF has devised protocols that all tournament hosts and participants must follow to mitigate the risk of exposure to, and spread of, Covid-19.

Detailed information has been published on the ITF website [here](#). All Tournament Organisers are required to read and adhere to the Protocols, with the principle documents being:

- Return to International Tennis Protocols – [Tournament Hosts](#)
- Return to International Tennis Protocols – [Explanatory Notes for Tournament Organisers](#)

*** If there are any inconsistencies between the terms of these Organisational Requirements and the terms of the ITF Return to International Tennis Protocols, the terms of the ITF Return to International Tennis Protocols shall prevail. ***

Below is a list of summarised information for Tournament Organisers/National Associations but it is required to read the Protocol documents listed above.

1. Principles

The ITF's core principles for tournaments are as follows:

- Physical distancing must be respected at all times by all participants and spectators.
- Personal hygiene measures must be taken by all participants.
- Methods of identifying potential cases of Covid-19 prior to entry to the tournament site and of identifying participants who may have been exposed to Covid-19 during a tournament must be implemented.
- The minimum number of participants required for the tournament to operate should be permitted on-site.
- Players and support personnel must isolate from other participants and spectators, to the greatest possible extent.
- Consideration must be given to additional protection for vulnerable individuals.

2. Covid-19 protocols: ITF protocols vs local government regulations

All tournaments must implement, at a minimum, the ITF's Return to International Tennis Covid-19 protocols. A tournament may impose higher standards than those described in the ITF's protocols where it considers it appropriate to do so, or where so required by local legislation.

To be clear, where there are discrepancies between the ITF's protocols and local government laws, it is the more stringent of the two that must be applied.

*** COVID-19 REQUIREMENTS ***

3. Applications to host ITF World Tennis Tour tournaments

Documentation

In this period and for the foreseeable future, all tournament applications for the ITF World Tennis Tour must have the following documentation:

- Tournament application form
 - The Terms and Conditions have been modified so that Tournament Organisers confirm implementation of the ITF protocols; and also set out the ITF's rights in relation to cancelling tournaments.
- Risk assessment
 - The Applicant (National Association and Tournament Director) must also complete a [Risk Assessment](#) for each tournament, which also includes an Emergency Response Plan.
- Factsheet
 - Additional information required in relation to local Covid-19 testing centres and the first day on which players can arrive for practice (when the onsite screening processes and Covid-19 protocols must be ready)

Timing

In this exceptional period, tournament applications will be accepted as long as they are submitted at least 6-8 weeks prior to the tournament. Factsheets and the risk assessment must be submitted at least 5 weeks prior to the tournament.

4. Covid-19 Officer

Each tournament will appoint a Covid-19 Officer. The Covid-19 Officer plays a crucial role in preventing Covid-19 transmission, by liaising with the ITF and local and national public health authorities, educating players, supporting tournament medical staff and overseeing the implementation of all Covid-19 precautions at a tournament.

The Covid-19 Officer's role begins during the planning period of a tournament and continues for the duration of the tournament on a daily basis.

The Covid-19 Officer will have overall responsibility for the following matters:

- Preparation of the tournament's risk assessment.
- Implementation and oversight of all tournament Covid-19 protocols
- Ensuring a sufficient supply of hygiene products and Personal Protective Equipment (PPE).
- Implementation of an emergency response protocol (in conjunction with the Tournament Doctor), if necessary.
- Reporting Covid-19-related incidents to the ITF.
- Liaison with ITF and relevant local authorities.
- Ensuring that staff are appropriately trained in relation to Covid-19.

Further details on the Covid-19 officer role can be found [here](#).

5. Physical Distancing

Physical distancing must be respected at all times. Where no minimum physical distance is specified by the relevant authorities, or where that minimum is less than 1 metre, the minimum physical

*** COVID-19 REQUIREMENTS ***

distancing shall be 1 metre (except for vulnerable individuals, for whom the minimum physical distancing is 2 metres).

If local government guidelines require physical distancing of 2 metres, it would be the local government guideline that is more stringent and therefore should be followed.

Movement protocols should encourage physical distancing and hygiene, such as one-way systems, marked pathways and physical distancing markers provided at appropriate locations, such as amenities and entrance/exit points. In toilets, separate entry and exit doors are recommended.

6. Hygiene / PPE / Masks / Cleaning

Hygiene / PPE / Masks

All participants must at a minimum:

- Wash or sanitise their hands regularly and frequently;
- Wear a face covering when indoors and in close proximity to others (including when using transport). At indoor tournaments, a mask should be worn at all times on site, except during practice, matches, during gym sessions (unless physical distancing cannot be maintained) and when using showers;
- Wear a face covering outdoors when it is not possible to physically distance. This means when there is not possible to keep at least 1m between individual and ideally when the distance is less than 2m;
- Catch coughs and sneezes in tissues and discard them immediately.

Tournament Organisers must make available for the use of participants and spectators an adequate supply of the following items, providing them at regular points during the site including at site access points:

- Hand sanitiser (at least 60% alcohol content).
- Alcohol-based wipes (at least 70% alcohol).
- Tissues.
- Face coverings.
- In addition, organisers will need to source, and make available, a suitable supply of Personal Protective Equipment (known as 'PPE') for all tournament staff.

Cleaning

- All areas of the tournament venue that are used by participants should be subject to regular and sufficiently frequent disinfecting. This includes daily cleaning including of medical facilities (between treatments), locker rooms and showers (between uses), toilets, player dining, and player lounges.
- Player chairs and benches must be sanitised between matches.
- If there is a car/bus service between the hotel and venue, all must wear masks, the maximum number of people should be governed by physical distancing rules, with cleaning between trips. All vehicles should be sanitised following each use. Screens should separate the driver from the passengers.

Specific cleaning procedures should be followed in the event of a suspected or confirmed case of Covid-19. Further details can be found [here](#).

*** COVID-19 REQUIREMENTS ***

7. Screening Process

All individuals coming onsite are subject to screening. This includes: players, players' support teams, tournament staff, match officials, ITF supervisor and Tournament Director.

The minimum screening requirement is as follows:

- **Once and once only:** ITF declaration form for all individuals (staff, officials, players, coaches) to be completed in advance of coming onsite for the first time. This is an online form located here [LINK]. When complete the individual will receive a confirmation email. The individual must show the confirmation email to the Covid officer.

The ITF will send the link to players each week and ask them to send the link for completion to their one coach or guest also.

The ITF will also send the link to the tournament's Covid officer in advance of the tournament so that a) the Covid officer can send the link to tournament staff and officials, and b) the Covid officer has the link to send to any players or coaches that arrive at the entrance to the site without having completed the form (which must be completed prior to entry).

- **Daily / each time they arrive on site** symptom testing of all individuals. All individuals must complete this form either in writing each day or the Covid officer can verbally ask these questions of all participants before entry to the site.
- **Daily / each time they arrive on site**, all individuals will be tested with an infrared thermometer according to the [temperature testing procedure](#). The ITF's protocols require that an individual presents with a temperature under 38°C (100.4°F). Requirements in some countries may be stricter in which case those requirements must be followed.

Only if an individual passes both parts of the daily screening procedure will they be admitted to the tournament site. There must be someone on site to perform temperature screens at least 1 hour prior to the first practice time.

Further details about the screening process, including requirements to send information to the ITF and how to complete tournament spreadsheets will be sent to each Tournament Organiser in the week before the tournament.

Players or other individuals in possession of a negative PCR Covid-19 test will still be required to submit to the daily testing procedures. Tournaments may undertake additional screening procedures, if appropriate or if required by local government legislation. These must be notified to the ITF in advance.

Failure to comply with testing (including any additional testing imposed by the local government) will result in the person concerned being denied entry to the site and not being permitted to participate in any ITF tournament until such time that they comply with those requirements in full.

Participants must not travel to the tournament site if they:

- (a) do not want to provide their personal information or undergo daily screening for COVID-19;
- or

*** COVID-19 REQUIREMENTS ***

- (b) start to present symptoms of Covid-19 (particularly, fever, new or persistent cough, loss or change in sense of taste and smell) or if they recently have been exposed to Covid-19.

If an individual fails screening

If an individual fails screening, the tournament must have a protocol in place, consistent with local health requirements. Typically, this consists of the individual being isolated, seen by a doctor, transport from the site and/or taking a Covid-19 PCR test.

[Case management](#), notification, and contact-tracing protocols must be implemented if a participant fails screening. The ITF must be alerted and notified through contacting covid19@itftennis.com.

8. Other specific requirements

Onsite areas and amenities

- In the Player lounge, tournaments should position tables, chairs, sofas, etc. with social distancing guidelines in mind so that players are not close to each other. It is also preferable to use non fabric chairs and sofas so that they can be wiped regularly.
- Players will be strongly encouraged to limit their presence on-site. If the tournament has a spacious area on-site, it could be used as a Players' Lounge where they follow social distancing. Otherwise, players should arrive before their matches and leave immediately after.
- Use of locker rooms (including for players, officials and ball persons) must be determined by the available space, such that physical distancing can be maintained at all times. No player support personnel are permitted in locker rooms, except for support personnel required to provide essential physical assistance.
- At any onsite restaurant players will have table service or be able to order food in the style of a "grab and go" service.
- It is recommended that windows are opened in spaces that house officials and sports physios.
- Tournaments should arrange for towel trays or baskets at the ends of each court where players can put their towel. Towel trays should be labelled clearly to ensure that each player knows where to place their towel at different ends of the court. Towel trays must be sanitised between matches.

Telephone sign-in / other bookings

- At all ITF World Tennis Tour tournaments, players should sign in by telephone with the tournament supervisor (not the Tournament Director). This includes signing in for singles or doubles, or as a lucky loser or alternate. If a player is practising onsite and the ITF Supervisor is present, then the player may ask the Supervisor to sign them in, if this is consistent with social distancing requirements.
- Reservations for practice times should be made by telephone. It is recommended that the tournament has someone able to answer phones to book courts and answer questions from 7:00 to 19:00 each day.
- A tournament should establish an appointment booking system for physiotherapy to avoid players waiting. Players will need to follow the booking procedure.
- The transport schedule should be coordinated with practice and match times to minimise time spent on-site by participants. All transport bookings must be made remotely (telephone or online). Parking arrangements should permit physical distancing and avoid interaction between participants and spectators. Provide sanitiser at pick-up points.

*** COVID-19 REQUIREMENTS ***

Tournament staff

- Tournament hosts must retain contact details (email address and mobile phone number) of all participants for a limited period after the tournament, to facilitate the identification and/or notification of those who have or may have been exposed to an affected individual.
- Tournament staff/security must be trained to implement Covid-19 procedures, including the use of thermometers and Personal Protective Equipment (known as “PPE”) at all relevant times, including site entry and exit and indoors.
- It is recommended that the meeting room for umpires is large enough so that officials can physically distance from one another.
- Tournaments are not recommended to use ball persons for the foreseeable future.
- The Tournament must appoint an English-speaking Tournament Doctor to be available on-call from before the start of the tournament until its completion. In the event that the Tournament Doctor is required onsite, full PPE must be provided.

Hotel

- Where possible, tournaments should offer a hotel that is dedicated (or has a dedicated section) for tournament participants, located close to the tournament venue.
- Player dining should not use a buffet style dining system (unless hotel staff serve participants using PPE and with screens set up between guest and staff). Resort hotels cannot offer buffet breakfast, lunch or dinner as part of the package.

Entry Fees / Prize Money

- Players in Qualifying at \$15,000 and \$25,000 tournaments can either pay the entry fee when they are onsite practising in advance of the tournament; or when they are entering the site to play their first match of the tournament (which may be more appropriate for Alternate players before sign-in). Players are encouraged to pay the entry fee as soon as possible to reduce the likelihood of queues on any particular day.
- Prize money payments are encouraged to be made by bank transfer. Players in the Main Draw at \$15,000 and \$25,000 tournaments, as well as players in Qualifying at \$60,000, \$80,000 and \$100,000 tournaments will have the entry fee deducted from their prize money.

Travel / Player support team

- Participants should not travel to tournaments if they have had a positive Covid-19 test within the last 7 days, or if they have or have had any symptoms of Covid-19 within the last 7 days, or if they have been exposed to anyone who has Covid-19 or symptoms of Covid-19 within the last 14 days.
- Maximum of one player support team member per player (coach OR guest)

Violation of the Rules

- Participants that do not follow the rules with regard to wearing a mask or other covid-19 protocols may be fined according to the Code of Conduct. Any staff member should advise the ITF Supervisor of any non-compliance with the rules and the Supervisor should warn/penalise any player or support team member not following the ITF Protocols.

II GENERAL

ITF World Tennis Tour Tournaments must comply with the provisions of the 2021 ITF World Tennis Tour Regulations and the 2021 ITF World Tennis Tour Organisational Requirements (this document, also referred to as the “Requirements”). These regulations only refer to Men’s and Women’s ITF World Tennis Tour Tournaments and not to ITF World Tennis Tour Junior Tournaments.

Any sanctioning National Association and the Tournament Organiser where separate (jointly the “Applicant”) awarded a one (1) year sanction on the Men’s or Women’s ITF World Tennis Tour Calendar shall be subject to, and shall be bound by and comply with the ITF World Tennis Tour Regulations, ITF Return to Tennis Protocols and the ITF Guide to Recommended Health Care Standards, each of which may be amended from time to time.

Applicants are advised that the documents entitled “2021 Organisational Requirements” and “Guide to Recommended Health Care Standards for Tennis” are essential reading prior to completion and submission of a Tournament application.

If there are any inconsistencies between the terms of these Organisational Requirements and the terms of the ITF Return to International Tennis Protocols, the terms of the ITF Return to International Tennis Protocols shall prevail.

Responsibility for ensuring compliance with these Requirements lies with the Applicant, which must also ensure sufficient financial securities are in place. Any queries should be directed to the ITF Professional Tournaments Department (see Appendix A for contact details).

ITF reserves the right to refuse approval of or cancel any previously sanctioned tournament or series of tournaments on the grounds of health, safety, security or any other potential risk to the successful running of the tournament(s), including without limitation, any risk posed by the continuation and/or re-emergence of COVID-19, with no liability to the National Association, Tournament Organiser or ITF. The Applicant is responsible for ensuring suitable safety and security plans are put in place for the tournament that comply with local laws, regulations and best practice. This includes the timely completion and submittal of ITF security documents where specifically requested by the ITF.

The ITF reserves the right to amend these Requirements at any time. Updated versions of the document will be published on the ITF Website and National Associations are encouraged to distribute the most up-to-date document to Tournament Organisers.

Key documents and helpful information regarding the organisation of men’s and women’s Tournaments on the ITF World Tennis Tour are available on the dedicated sections of the ITF World Tennis Tour website. <https://www.itftennis.com/en/about-us/organisation/publications-and-resources/tournament-organisers/>

Specific organisational requirements are set out in this document.

Health, Safety and Security

The health, safety and security of all persons involved in the Tournament, including players, officials, Tournament staff and spectators, are of principal importance. The Applicant is responsible for ensuring an adequate security plan for the protection of all involved persons against any such problems is in place and implemented for the Tournament.

The National Association, in association with the Tournament Organiser, must make the ITF aware immediately of any major issues or threats (e.g. political unrest, health epidemic, natural disaster) that could impact the progress of the Tournament or the health, safety or security of persons involved, whether they occur in advance of or during the Tournament.

Tournament Organisers and National Associations are advised to have preparations in place to handle emergency situations. Please see Appendix F Security. The ITF reserves the right to request that the Applicant to submit security documentation for the Tournament or have additional security measures put in place because of security concerns

Tournament Organisers are expected to monitor weather and if necessary, with consultation with the ITF Supervisor make modifications to play in cases of extreme weather conditions such as heat, lightning, or other severe weather conditions. The Tournament Organiser and ITF Supervisor must adhere to the Extreme Weather Rule (Appendix E in the ITF World Tennis Tour Regulations) and the tournament must have a temperature and humidity recording device (e.g. sling psychrometer) to measure the Heat Index.

Security Guidelines have been sent to all National Associations and are available on the ITF website. These guidelines must be followed, and any questions directed to the ITF.

The National Association is responsible for submitting the application form(s) and remains ultimately responsible for the proper organisation and running of the ITF World Tennis Tour Tournament. Prior to supporting and submitting a Tournament application a National Association must be fully appraised of the proposed Tournament site and organisation and be satisfied they meet the necessary requirements and standards for the intended level of Tournament.

All information regarding Tournament sites, dates and draw sizes must be provided on the official Tournament Application Form.

Completed Tournament Application Forms, signed by the National Association and the Tournament Organiser(s), must be submitted to the appropriate Service Bureau (see Appendix A) a minimum of seventeen (17) weeks for Men’s and Women’s ITF World Tennis Tour 15s and 25s or twenty-six (26) weeks for Women’s ITF World Tennis Tour 60s, 80s, and 100s prior to the start

The ITF World Tennis Tour Regulations are issued and maintained by the ITF World Tennis Tour Men's and Women's Committees for the purpose of ensuring the orderly and fair administration of ITF World Tennis Tour Tournaments. Each Tournament Applicant and each player entrant in

an ITF World Tennis Tour Tournament agrees, as a condition of such entry, to abide by and be subject to these ITF World Tennis Tour Regulations, which hereinafter include the ITF World Tennis Tour Code of Conduct and the ITF Welfare Policy, as amended from time to time by the ITF World Tennis Tour Men's and Women's Committees.

A deduction from players' prize money is made at all Women's ITF World Tennis Tour Tournaments as a contribution towards the ITF Primary Health Care Programme ("PHCP"). This is not an additional expense to the Tournament, rather a contribution from players towards the provision of healthcare services across the Women's ITF World Tennis Tour. This PHCP contribution must be paid on to the ITF by the Tournament Organiser. At 15s and 25s Tournaments 2% of prize money is paid to the ITF and at 80s and 100s 5% of prize money is paid to the ITF. For 60s Tournaments 2% of prize money is paid to the ITF and the remaining 3% is retained to cover the expense of the PHCP. For overall percentages see Prize Money and Points sections in the Regulations. In the event of non-payment of any deductions made, the Tournament may be subject to denial of any subsequent application until such time as all outstanding monies due are received in full.

14 Safeguarding Issues

Each Tournament Organiser must provide on the Fact Sheet, the name and contact details (address, email and telephone number) of the statutory authority in their country (or state, borough, region if appropriate) that is responsible for receiving safeguarding issues. Outstanding players’ fines will be collected at the Tournament by the ITF Supervisor on behalf of the ITF and must be paid on to the ITF by the National Association/Tournament Organiser. Following completion of the Tournament, and on receipt of the Tournament report from the ITF Supervisor, the ITF will issue a detailed invoice to the approving National Association outlining any sums due (i.e. player fines, PHCP deductions etc) to aid the financial reconciliation process. Please read the “Guidelines for making payments to the ITF” for full details. IPIN fees are no longer collected onsite. Players should go to ipin.itftennis.com.

The Tournament Organiser is obliged to enforce the ITF Supervisor's decisions on site if required, for example denial of accreditation and/or access to the site following a default under the Code of Conduct.

The name and details of both of the appointed Sports Physiotherapist must be sent to the ITF (womens@itftennis.com) 5 weeks before the start of the Tournament using the Appointment Form supplied on the website in the Tournament Organiser information. For guidance on appointing a qualified Sports Physiotherapist, please see the Appointment of a Physiotherapist Guide available on the website under Tournament Organisers. As part of the ITF's Primary Healthcare Programme (PHCP), at all Women's ITF World Tennis Tour Tournaments a small deduction is made from the overall players' prize money purse to contribute to the provision of healthcare services at each Tournament and on the ITF World Tennis Tour in general. This is not an additional expense to the Tournament. - 4) The maximum stringing fee that a player should be charged when the player is providing his/her own string is \$15.00. It is recommended to keep the fee as low as possible to assist players with costs.

8 Accreditation Staff

Each tournament should have at least one staff member that will oversee the accreditation process for the tournament. This individual and any other individuals responsible for accreditation must manage the credential process for the tournament. Each tournament should credential all players (Main and Qualifying) and take the first and last name of each coach or other credentialed person that has received accreditation. Accreditation must also be provided to Lucky Loser's in the last round of Qualifying.

The ITF provides a credential template available for tournament to use or tournament may create their own credential/badges. Badges should be categorized based on player, coach, guest, official, media, tournament staff, etc. Please contact mens@itftennis.com or womens@itftennis.com for template. B TOURNAMENT VENUE AND FACILITIES

1 Venue Type

The Tournament should be held at a single venue in either an indoor [^] or outdoor location and must be defined as such on the Application Form. A combination of indoor and outdoor locations is not permitted for a single Tournament unless circumstances out of the Tournament's control, e.g. bad weather, require matches to be moved to an alternative location. Tournament conditions on all match courts must be the same.

Tournaments held outdoors are advised to consider creating a "bad weather" plan for staging the Tournament in the case of bad weather, e.g. identifying nearby locations with indoor facilities that may be used.

Tournament matches may not be played on some courts that are covered and some courts that are not covered, except when weather disrupts the schedule.

The overall venue should be free of distractions from excessive noise from other events, such as other sports games, matches, tournaments, concerts, etc. Tournament Organiser should make best efforts to ensure all matches are free from outside distractions.

[^] Definition of an indoor court

An indoor court is one which is completely covered by a roof, and for which playing conditions are largely artificial.

Note: Artificial playing conditions would include artificial light, protection from rain, and little or no wind. Courts housed under a permanent structure (including 'air halls') but without walls may be defined as 'indoor' if the playing conditions are still largely artificial and temperature and/or humidity can be manipulated. Covered courts (including courts with retractable roofs) may be defined as 'outdoor' – even if artificial lighting is required – if they are exposed to other environmental factors or the roof is open by default.

2 Courts

The facility where the Tournament is held must have a sufficient number of courts **of the same surface (see further details below)** available for match play and practice throughout the Tournament Week. These courts must be provided free of charge to players still in competition. **All Qualifying and Main Draw matches must be played on the same surface**, unless backup facilities with different surface must be used to complete the Tournament due to adverse weather conditions.

- For a tournament with Qualifying Draw size of 32, a minimum of three match courts* and one practice court must be provided for an outdoor Tournament.
- For an Indoor tournament with Qualifying Draw size of 32, a minimum of two match courts and one practice court must be provided.
- For a tournament with Qualifying Draw size of 48, a minimum of four match courts* and one practice court must be provided for an outdoor Tournament and a minimum of three match courts and one practice court must be provided for an indoor Tournament.
- For a tournament with Qualifying Draw size of 64, a minimum of five match courts* and one practice court must be provided for an outdoor Tournament and a minimum of four match courts and one practice court must be provided for an indoor Tournament.
- For a tournament with a 48 Main Draw with a 32 qualifying, a minimum of four match courts* and one practice court must be provided.

Any deviation from the above requirements must be approved by the ITF and the tournament must send a Match Schedule Plan (MSP) to the ITF, proapplications@itftennis.com, for advanced approval. An MSP is required for all tournaments playing on two match courts.

Combined tournaments

- There must be a minimum of six match courts and two practice courts for 32 Main draw and Qualifying Draws in each event.

Match courts must be available for a minimum of 9 hours per day for the first four days of competition, except with the approval of the ITF.

Note: Women's 100s cannot be staged on artificial clay or artificial grass courts.

C. General Guidelines and Principles

- a. Practice courts must be of a similar speed and surface to the match courts
- b. Practice courts must be available free of charge to all players accepted into the Main, Qualifying and Doubles Draw until elimination.
- c. Lucky Losers who lost in the last round of qualifying must also be allowed to practice free of charge until all first-round singles matches are played.
- d. The top three signed-in alternates each day in singles and the top three signed-in alternate doubles teams each day must be allowed to practice free of charge until all first-round matches are played.
- e. Eliminated players have no automatic right to be granted access to practice courts.

- f. Where a tournament determines that access to practice courts shall be granted to eliminated players, all such players shall be treated equitably in terms of court time and applicable charges.
- g. It is encouraged that access to practice courts for eliminated players shall be free of charge. Where access to the facility is normally chargeable for non-residents and where a charge is made this shall be not more than \$10 per court per hour (or half-court if necessary) including any entrance fee, or a maximum fee of \$15 a day. Fee amounts must be detailed on the Fact Sheet.
- h. Where an access fee is applied, eliminated players must leave the facility immediately following completion of their practice session. Players may not remain on site (for example to watch matches) unless expressly authorised to do so by the Tournament Organiser. Failure to abide by this condition shall be considered a violation of the Code of Conduct.
- i. Access to courts for matches and practice must be the same for all players staying in the tournament's official hotel(s). Tournaments may not have one fee for players booking through a tournament organiser and another fee for those who booked through travel agencies or other booking websites.

Court Requirements

The sanctioning National Association and Tournament Organiser must ensure that the match courts conform fully to Rule 1 of the Rules of Tennis. As a guide, for international competitions the recommended distance between the baselines and the backstops is 21 feet (6.40m) and between the side-lines and the side stops the recommended distance is 12 feet (3.66m). The recommended height to the ceiling (where appropriate) is 30 feet (9.14m). Only those venues which conform to the distances recommended may be proposed to host ITF World Tennis Tour Tournaments, unless the prior approval of the ITF has been obtained.

All Tournament courts (match play and practice) must have the same performance characteristics – they must be of the same surface type (e.g. clay) and court pace classification (e.g. Category 2 (medium-slow)), as defined by the ITF Technical Centre (visit <https://www.itftennis.com/en/about-us/tennis-tech/classified-surfaces/> for more information) – and the court surfaces must have the same appearance, e.g. surface colours. The courts used at a Tournament need not be the same product/brand. Where multiple products are used and not classified, court pace testing of the courts may be required.

All courts must be of a quality suitable for international competition, whereby court surfaces have a uniform appearance with no cracks or gaps between joints and court markings must be straight. Courts with blended lines (as specified in Appendix H) may be used for match and practice courts at Men's and Women's ITF World Tennis Tour 15s and 25s – such courts may not be used as match courts at Women's ITF World Tennis Tour 60s, 80s and 100s. No additional court markings may appear on match courts in any Tournament category, e.g. court markings for other sports.

Courts and their fixtures must present no undue risk of injury to players, officials or spectators. The playability of a court shall be determined by the ITF Supervisor who may insist on work being carried out to improve the quality of court(s) before play may begin. If there are insufficient playable courts and alternative solutions for conducting the Tournament cannot be found, the ITF Supervisor, in consultation with the ITF, has the right to cancel the Tournament, in which case the Tournament will pay a minimum of first round losers prize money to all Main Draw players and will also be responsible for the reimbursement of reasonable expenses to all players.

Court Preparation

All courts must be kept clean, well maintained throughout the competition and safe for play. Clay surface courts shall be swept, watered (if necessary) and lines cleaned before the start of all matches. Carpet and hard courts shall be clean and cleared of all ball fluff, dust and debris as and when required. Grass courts shall be cut and maintained as required – recommended play height of the grass is no more than 8 millimetres. Full information on court maintenance guidelines can be found on the ITF Website (<https://www.itftennis.com/en/about-us/tennis-tech/facilities/>).

All match courts must have backdrops behind the baseline. Where on-court banners are used, they should be of uniform colour and must not be painted in light colours that will interfere with player visibility. All backdrops and windscreens (windbreaks) should not use shades of white or yellow lettering.

3 Court Equipment

The Tournament Organiser must ensure that all match courts are equipped with the following equipment prior to the start of play:

- a. Net, net posts, net straps and singles sticks, all of which must comply with the Rules of Tennis. No advertising is allowed on the net, strap, band, net posts or singles sticks except as provided in Appendix IV of the Rules of Tennis. The nets and net straps must be in good/excellent condition and each tournament shall have spare nets and net straps available.
- b. Measuring device – a measuring stick, tape measure or other measuring device must be available for the measuring of the net height and location of the singles sticks.
- c. Chair Umpire's Chair – it is recommended that the height of the chair is a minimum of six (6) feet (1.82 metres) and a maximum of eight (8) feet (2.44 metres). The chair shall be centred along an extension of the net approximately three (3) feet (0.9 metres) from the net post. It is recommended to have a small writing table to the right-side armrest of the Umpire's Chair.
- d. Line Umpires' Chairs (as required in accordance with Appendix B – Minimum Officiating Requirements), all of which must be located on the extension of their respective lines along the side fence and not closer than twelve (12) feet (3.66 metres) from the doubles sideline.
- e. Players' Chairs – each Tournament must provide chairs for the players located on each side of the Chair Umpire.
- f. Umbrellas on courts are strongly recommended for players and chair umpires for tournament held during hot weather conditions.
- g. Scoreboards - Tournaments must make best efforts to provide scoreboards for all courts.
- h. It is recommended that the Stadium court has a PA system (Microphone) for the chair umpire to announce the matches.
- i. Towels are recommended for player use but are required at Women's 60-80-100 events.

4 Two Tournament Sites

In the interests of players, officials, organisers and spectators and to ensure the Tournament is run as efficiently as possible, the entire Tournament should be held on one site only.

In exceptional circumstances, approval may be granted for the use of an additional Tournament site for some matches early in the Tournament provided a written request to do so is submitted to the ITF with supporting reasoning, at the time of application. If these events take place in Europe a request must also be made to Tennis Europe. If such a request is approved, both sites must comply with the ITF World Tennis Tour Regulations and Organisational Requirements, which

include provision of similar playing conditions, provision of free transportation between the sites and supplementary qualified officials, sports physio (see Appendix B for details) and availability of appropriate healthcare professionals. The second site must be listed on the Fact Sheet.

If a second site is used only for practice courts, then that site must be listed on the fact sheet. Please detail the site address and for which days the site will be used.

5 Combined (Men's and Women's) Tournaments

If the Tournament is to be run concurrently with another professional tennis tournament at the same venue, this must be indicated on the application form.

Applications for combined Tournaments are welcome but the combined Tournament consequently must comply with enhanced standards in accordance with the ITF World Tennis Tour Regulations for both Men's and Women's Tournaments. Any Tournament which is combined with a WTA or ATP Tour or Challenger Tournament shall provide a level of standards equal to or greater than the level of standards provided for the WTA/ATP Tour or Challenger Tournament. In no instance shall standards fall below the minimum requirements herein.

5.1 Courts (Combined Event)

A combined Tournament can only be classified as such if both the Men's and Women's Tournaments are played on the same site/address. When the events are two ITF events the minimum court requirements are as stated above in section 2.

As the number of matches during Main Draw is doubled during a combined Tournament, the stated minimum number of courts must remain available throughout the Tournament.

5.2 Officials

Please see Appendix B for details of the additional officiating requirements for a combined Tournament.

5.3 ITF Branding and Commercial Rights

When a Men's or Women's ITF World Tennis Tour Tournament is combined with a WTA Tour, ATP Tour or ATP Challenger Tournament, every effort must also be made to comply with the ITF branding guidelines (Appendix E). Tournament Directors and National Associations should contact the ITF at Mens@itftennis.com or Womens@itftennis.com for logos and branding material. Tournament Organisers with questions should contact their National Association and/or the ITF.

6 Lights

It is recommended that all tournament organisers measure the lighting of all match courts prior to hosting an event, so the organiser is aware in advance if the lighting is suitable for play (weather). For all Indoor events and tournaments with match schedule plans that require lighting the courts must meet the requirements below. All matches played under artificial lighting, the intensity of illumination must be sufficient for professional tennis i.e. minimum of 500 lux and distributed evenly

over the court. The ratio of the highest to lowest light readings is recommended to be a maximum ratio of 1.5 : 1.

Light poles should be positioned so that light is evenly distributed around the court and the poles should be positioned not to affect player safety or match play.

The ITF Supervisor has the authority to suspend play on any court if the intensity of illumination, in his/her judgment, is insufficient for professional tennis

7 Schedule of Matches

Each Tournament Organiser/National Association should create a Match Schedule Plan (MSP) and send it to the ITF Supervisor hired for their event to confirm the site can accommodate the number of planned scheduled matches. The ITF may also require a National Association/Tournament Organiser to send a Match Schedule Plan in advance of an event.

Tournaments can be played over 7 or 8 days. Qualifying may start on Sunday or Monday and can be played over 1, 2 or 3 days. Main draw should begin on a Tuesday. Tournaments must get advanced approval for starting the Main Draw on Monday or Wednesday. Tournament Organisers in consultation with the ITF Supervisor should consider developing an overall match schedule plan prior to the event and they should consider site limitations and weather restrictions when planning their schedules.

Tournaments running 48/64 qualifying draws must be played over 8 days from Sunday to Sunday. Qualifying can be played over 2 or 3 days. If played over 2 days, players **MUST** be given a rest day between qualifying and main draw (subject to weather).

Tournaments running 32 qualifying draws can be played over 7-8 days. Qualifying can be played over 1 or 2 days. If played over 1 day, players **MUST** be given a rest day between qualifying and main draw (subject to weather).

Tournaments running 48 Main Draws with a 32 qualifying draw must be played over 8 days. Qualifying must be played over 2 days and the Singles Main Draw must start on Monday.

Any alternate qualifying draw needs to be approved in advance of the application by emailing - Proapplications@itftennis.com.

Doubles should begin on Tuesday unless otherwise approved by the ITF. The doubles final must be played on Friday or Saturday, which allows the doubles players adequate time to Sign-In for singles qualifying at the following week's Tournament. Tournaments wishing to start Doubles on Monday or Wednesday needs to be approved in advance of the application by emailing - Proapplications@itftennis.com.

Women's \$60,000, \$80,000 and \$100,000 tournaments may schedule their doubles final on Sunday.

8 ITF Supervisor's Office

The Tournament Organiser must ensure a private office with a desk is made available to the ITF Supervisor. The ITF Supervisor **MUST** also be provided with the following:

- a. **NEW:** Wireless Internet Access, which should be a dedicated and stable WIFI connection with direct login, i.e. password only required, no log-in via a website, with recommended minimum upload speed of 5-10 Mbps;
- b. A minimum of one international telephone line and at least one separate fax line, which must be operational from the Freeze Deadline (Thursday 14:00 GMT) until the completion of the Tournament. These numbers must be provided on the Tournament Fact Sheet;
- c. Photocopier and sufficient supply of photocopying paper;
- d. Microphone for Public Address System (if necessary)
- e. Communication devices, such as walkie-talkies, must be provided to the ITF Supervisor, each Chair Umpire, Chief Umpire and the Sports Physiotherapist.

9 Internet Access

The ITF Supervisor and Sports Physiotherapist should be provided with a dedicated wireless access line. The Internet access for the ITF Supervisor must be a dedicated line with an upload speed of 5-10 Mbps. (Please see ITF Supervisor's Office above)

In addition, the players should have access to wired or wireless internet. A separate computer with Internet access must be provided for players free of charge. If player Internet access cannot be provided on-site the Tournament Organiser must make best efforts to indicate an alternative internet access location for use by players. If Internet access is available to players on-site it is recommended that a time limit is set per player.

10. Live Scoring/Data Rights

ITF in partnership with Sportradar, AG have the exclusive right to provide Live Scoring to all ITF World Tennis Tour Tournaments through the use of handheld electronic scoring devices operated by the chair umpires. The devices are smart mobile phones (Android), owned and distributed by the ITF at no costs to the National Associations or tournaments.

Point by point scores are transmitted from the devices via a 3G/4G (mobile phone) network or WIFI (if available on match courts) and are displayed on the ITF Media Platform (<http://live.itftennis.com>) and mobile apps.

Individual scoring packs (including match scoring devices, cables and chargers) will be distributed by ITF in advance of tournaments and delivered to a suitable person at either the National Association or the tournament, who will be responsible for the safekeeping of the scoring packs until the arrival of ITF Supervisor. National Associations and/or tournaments may be requested to assist ITF with the distribution/ transportation of scoring packs in and out of the country and/or from one tournament to another.

The tournament must provide stable and dedicated WIFI in the ITF Supervisor Office (see point 8 above) to ensure successful upload of audios from live scoring devices.

During the tournament the ITF Supervisor will oversee the use/operation of the devices – Chair Umpires are instructed to take care of the devices when in their possession. The tournament must ensure the devices are stored securely each day.

Each Tournament/National Association must provide Live Scoring as determined by the ITF and the rounds live scored are subject to change. The current minimum requirement for chaired and live scored matches as detailed below:

<u>\$15,000 Tournaments</u>	<u>All Main Draw Matches</u>
<u>\$25,000 Tournaments</u>	<u>All Main Draw Matches and Final Round of Qualifying</u>

For more details, please see ITF World Tennis Tour Regulations (Appendix F) "Media, Commercial and Data Rights"

11. Data Protection / Integrity Measures

Tournament Organisers/National Associations shall not allow or authorise the dissemination, transmission, publication or release of any match score or related statistical data from the grounds of the Tournament.

Regular or continual use of laptop computers or other handheld electronic devices within the confines of the Tournament match courts (spectator areas) or for purposes relating to gambling or betting within the grounds of the Tournament shall be prohibited and each Tournament shall take reasonable steps to enforce such prohibition. The exception to this provision is Tournament credentialed personnel when used in the performance of their Tournament duties and registered coaches capturing match data for analysis purposes if authorised by the ITF Supervisor. Such authorisation shall not be given for any commercial purpose.

The ITF advises each National & Regional Association, Tournament Administrator and Tournament Organiser, prior to the start of the Tournament, to:

- a. take advice on local law, regulation and best practice to ensure that its Tournament security and player protection and welfare policies are lawful and fit for purpose
- b. contact the local police to ensure they are adequately briefed on the implications of "Courtsider" (person observing matches and either openly or secretly transmitting the match data to third parties in order to gain an advantage on the exchange betting markets) and gambler activity, particularly if the presence of such persons would create a public order issue.

In order to comply with this regulation, Tournaments must:

- a. Include the Data Rights prohibition notice (as supplied by the ITF) in their entry/ticket Terms & Conditions
- b. Clearly display Data Rights prohibition public notices (as supplied by the ITF) within the grounds of the Tournament
- c. Display posters prohibiting use of Mobile phones (as supplied by the ITF) in the precincts of the match courts/spectators' areas
- d. Employ competent and trained security personnel to address, and if necessary, remove from the grounds, any person who does not fully comply with these regulations. The

number of security personnel required should be based on risk assessment, taking into consideration Tournament site (private or public site, size and architecture of the grounds etc.) as well as any historic security/unauthorised collection issues. Detailed advice on how to address, deal with and initiate the appropriate action when dealing with suspected courtsiders or gamblers will be provided by the ITF and ITIA.

- e. Tournaments must respect any No Credential list provided by the ITF and/or ITIA. Any person detailed on the list is subject to exclusion from any Tournament sanctioned or recognised by the Governing Bodies (ITF, ATP, WTA and Grand Slams) and must not be granted any access to the Tournament grounds.
- f. Set up and enforce adequate Credential System (see Section 13 (above) and Appendix G (below). “Venue Access and Credential System”)

Any presence of Courtsiders or gamblers at a Tournament must be reported by the ITF Supervisor to the *International Tennis Integrity Agency* (info@tennisintegrityunit.com) and the ITF Live Scoring department (livescoring@itftennis.com). The ITIA can provide further advice to assist Tournaments with this matter. The International Tennis Integrity Agency website is www.itia.tennis

12 Live Streaming

As part of their retained Media Rights, the National Associations may carry out and/or authorise Live Streaming and/or other exhibitions of Coverage of their Own Tournaments. National Associations and/or Tournament Organisers have the right to appoint their own live streaming partner.

Each such National Association will not allow any such Coverage through Live Streaming to be transmitted or made available by means of the Internet Rights or Mobile Rights with a less than 30 second delay between the action taking place at the Tournament and the Live Streaming being available to viewers unless a shorter delay period is agreed otherwise with ITF in writing on a case by case basis.

The Live Streaming must not be used for betting and gaming services.

More information about Live Streaming can be found in the ITF World Tennis Tour Regulations - Appendix F “Media, Commercial and Data Rights” – “Media Rights”.

13 Venue Access and Credential System

Tournaments must provide adequate security at the tournament site. This includes the entrances to the site and all player-restricted areas. As part of the Tournament security plan and in order to comply with ITF integrity requirements, a credential system must be implemented for the purpose of controlling access and movement of all individuals at the tournament venue.

Tournaments must provide adequate player-only areas/facilities (player lounge, locker rooms etc. – see Section II.B.14 Locker Rooms and II.B.15 Player Lounge below). Access to these areas must be prohibited from non-credentialed persons. Tournament security personnel are responsible for preventing non-credentialed access to minimise any possible interaction between players and any potential courtsiders, corruptors and/or gamblers.

These areas must be designated “authorised access only”. Entered players and their nominated coaches must be issued with “competitor” accreditation/credentials, to be carried at all times and presented to Tournament personnel to gain access to these areas. The locker-room should be limited to players only and those staff that need access to do their job. It is recommended that personal coaches be provided access to an alternate locker-room/facilities away from players locker-room.

Please see Appendix G “Venue Access and Credential System” for further information.

The granting of access/accreditation is a matter for the Tournament/National Association.

Accreditation must be provided to:

- a. All Main Draw and Qualifying Singles and Doubles players
- b. Lucky Losers losing in the Last Round of Qualifying valid until all first round Main Draw matches have been played.
- c. At least the first two alternates in qualifying singles and main draw doubles valid until all first-round matches have been played.
- d. One guest, which shall be the player’s coach or guest.
- e. All tournament support personnel (Volunteers, staff, press, contractors, and officials)

All Accreditation provided by the tournament are subject to the following:

- a. Compliance with ‘non-credential’ and “banned’ lists distributed by the ITF or ITIA, and any other reasonable instructions from the ITF on restriction of access;
- b. No discrimination towards any individual, as per item a) ii. of the ITF Welfare Policy;
- c. All players who meet eligibility/entry requirements must be given access, unless determined otherwise by the ITF or the ITF Supervisor in accordance with the Regulations/Code of Conduct.

The ITF has created a credential template that may be used for accreditation or the tournament/national association can create their own credential template. It is required to have the player’s name and country as well as the ITF Terms & Conditions (Available in Appendix G) wording acknowledging the credential may be revoked at any time. Tournament Organisers are encouraged to view the ITF Credential Template or ITF Terms & Conditions wording (Appendix G) for players and media wording if they create their own accreditation. It is anticipated that the ITF will roll out a mandatory credential system for ITF World Tennis Tour events in 2021.

The ITF Supervisor receives from the ITF a list of non-credential individuals after the Freeze Deadline. The Tournament personnel that oversee the issuing of credentials should be provided the list by the Supervisor. Anyone with access to the list should not discuss or share the information provided on these lists to any individuals not involved with the operation of the tournament. The credential staff should ask for a photo Id, preferably passport to confirm the identity of the players.

Any suspicious interaction between players, officials or Tournament staff must also be reported to the International Tennis Integrity Agency (ITIA) at info@tennisintegrityunit.com & the ITF at Mens@itftennis.com or Womens@itftennis.com)

Credentials are a mandatory World Tennis Tour requirement. The Tournament Organiser / National Association must email photos of samples of the accreditation to be used in advance of each tournament to the ITF World Tennis Tour department (mens@itftennis.com;

womens@itftennis.com). Failure to provide samples may result in the non-payment of data rights money for the tournament; fines; or future tournament applications not being sanctioned.

14 Locker Rooms

Suitable and separate locker rooms for men (male players) and for women (female players) must be available, preferably adjacent to the Tournament courts. The locker rooms must not be accessible by the public. Personal coaches should not be provided access to the same locker room as players. Other player guests should not be provided access to the locker room. Player locker rooms must include toilets, showers and hand washing facilities (all cleaned multiple times on a daily basis), an adequate supply of toilet paper and wastepaper/sanitary bins.

A parent may be given access to the locker room if the player is under 17 years of age, but the parent may only be in the locker room when the underaged player is in the locker room.

There must be sufficient security to:

- Prevent public access and unauthorized entry
- Protect the players' personal belongings
- Protect players from corruptors
- Prevent unwanted/harmful interactions (Safeguarding Protocol)

For further information please see Appendix F – Security, and Appendix G – Venue Access and Credential System.

15 Player Lounge

Each Tournament MUST provide a suitable Player Lounge area on-site for the duration of the Tournament for use by ALL players and their guests. This lounge should be an indoor space, unless otherwise approved by the ITF in advance of the Tournament. If an outdoor tent with walls is used for the players' lounge, then it must have portable heating (winter) or fans (summer) provided. This area should not be accessible by the public. The area should be equipped with a computer, Internet Access (if available on-site), a television and sofas and/or comfortable chairs and be supplied with fruit and water. It is also recommended to be supplied with non-carbonated soft drinks (including sports drinks – please consult Appendix C). The players' lounge should be freely available to all players still in competition. Tournaments are encouraged to allow eliminated players access to the lounge, lounge facilities and refreshments although this remains at the discretion of the Tournament Organiser.

A notice board must be placed in the Player Lounge or near the Tournament Desk. All player information must be clearly displayed and updated daily. This information must include the following day's Order of Play; updated draw sheets; transportation information; relevant Tournament Fact Sheets for upcoming Tournaments; Calendar updates; player notices etc.

16 Treatment and Fitness Room

A separate treatment room must be made available, preferably located near the courts. Alternatively (but not recommended) a partitioned area of the locker room may be suitable (for privacy reasons), provided this is equipped with a wash hand basin, is well-ventilated and is of a suitable temperature.

The room should include:

- One adjustable (including variable height down to 60 cm) padded treatment table per Sports Medicine Therapist/Trainer in good repair and sanitary condition
- A desk, table or countertop for medical supplies
- Three chairs and/or rolling stools
- Lockable cupboard for storage of paperwork and medications
- Adequate supply of clean towels and sheets
- Ice and non-carbonated water (still) in sealed containers
- Dispensed soap (or the equivalent) and paper towels
- Automatic External Defibrillator (AED)

Where possible, a fitness room containing cardiovascular and strength training equipment should also be made available, located at or in close proximity to the Tournament site or hotel, for use by players and their coaches.

17 On-site Anti-Doping Testing Facility

If required and when requested, each Tournament is obligated (unless indicated otherwise) to provide the following facilities:

- a. A private room with separate toilet; *or*, at the discretion of the ITF or Anti-Doping authorities,
- b. An alternative on-site location.
- c. The room/location must have/contain:
 - A lock on either the door or the fridge
 - A desk and two chairs
 - Lockable cabinet (if the room is not private and lockable)
 - Access to the internet (if possible)

In addition, the Tournament is required to provide staff assistance for site set-up and facility maintenance during the Tournament.

18 Restaurant / Food Service

Each Tournament MUST ensure there is a food station on-site at the Tournament where players can buy, at a reasonable cost, various types of food and drink suitable for athletes. It is strongly recommended that the food station is open throughout the day and evening to accommodate players involved in late evening matches. At Tournaments not offering complimentary hospitality, it is recommended that bottled water in sealed containers and fruit is available free of charge, particularly where tap water is not recommended. The system by which players are to obtain food (i.e. vouchers, tickets, or cash) should be made known to the players before the start of the Tournament. Please see Appendix C for a list of recommended foods and drinks.

Tournament organisers should make reasonable efforts to ensure that all food and drink items provided for players are free of all substances listed in the prevailing version of the WADA Prohibited List. The Prohibited List can be found at <https://antidoping.itftennis.com/antidoping/home.aspx>.

Players must be allowed to bring food on-site to accommodate special dietary restrictions or other dietary needs. Tournament Organisers can limit the location where these foods can be eaten based on club/site policies and restrictions.

19 Prize Money Office / Banking Facilities

Prize money must be paid in cash, by cheque on-site or by bank transfer. For information on currency and exchange rate policies, refer to the ITF World Tennis Tour Regulations III. E. Currency and Exchange Rate. The ITF or Service Bureau will send the exchange rate for tournaments not paying in USD or Euro to the ITF Supervisor at the Freeze Deadline.

The prize money office must be open daily during the appropriate hours of play and at least half an hour after the relevant matches have finished.

If prize money is not paid in cash, arrangements must be made for players to be able to cash prize money cheques either on-site or at a local bank. Tournaments are also requested to make players aware on-site of any restrictions regarding the export of cash / currency.

Tournaments should consider providing an option to transfer prize money electronically to players, e.g. bank transfer, PayPal, to avoid players having to carry significant sums of cash on their person. If paid by bank transfer, the transfer must be completed by the Tuesday after the completion of the Tournament.

20 Hotels / Accommodation / Hospitality

Each Tournament must appoint an official hotel, which is of a suitable international standard, and negotiate reduced room rates for players. If rates at the official hotel are high, details of alternative cheaper accommodation must also be provided, which must be within reasonable distance of the site. Tournaments should reserve a sufficient number of rooms for entered players. The reservation deadline must not be earlier than the Withdrawal Deadline for the Tournament (i.e. 13 days prior to Monday of the Tournament).

Players cannot be required to book hotel room through a Tournament Organiser or National Association unless the tournament is offering free hospitality and the tournament staff is managing those rooms. If a player makes a reservation with a travel agent, through an alternate vendor or other legitimate retailer the tournament organiser must be provided the same access to practice courts as to those players who booked through alternate methods.

The Tournament Organiser must ensure the Tournament Hotel is screened prior to being submitted on the Fact Sheet. The safety and security of players should be the key factor in the selection of an official accommodation, and it should meet the following standards:

A. Safety and Security

1. Reception or management staff available 24 hours/day
2. Separate security staff available 24 hours/day
3. Criminal background checks or security screening for all staff

5. Disabled access and facilities available

D. Hotel Cleanliness

1. A high standard of cleanliness maintained throughout the property.
2. Housekeeping/ laundry meets national hygiene standards
3. Restaurants/ kitchens meet national food service and storage standards

The National Association/Tournament Organiser must ensure that an appropriate tournament representative undertakes a home visit of each host family's residence shortly before the tournament in order to satisfy themselves as to the appropriateness of the arrangements made by the host family for each player;
- e. Players must have their own bedroom, although it is acceptable for a player to share a bedroom with another tournament player. Bathing facilities must be private.

Tournaments intending to provide accommodation in private housing to players under the age of 18 should contact the ITF for additional regulations.

21 Laundry

It is recommended that each Tournament Organiser negotiate a reduced priced laundry service (whether per item or per bag) with the tournament hotel or another laundry facility near the site or hotel.

22 Transport

Transportation must be available **free of charge** for all players and coaches between the official hotel and the Tournament site starting on the day of Qualifying sign-in through the last day of Main Draw. If a player is 17 of age or younger, the tournament must provide a chaperone (parent, coach, etc.) to be transported from the airport/railway to the Tournament site/hotel. A minibus, plus a minimum of two cars is recommended for this purpose. If necessary, this should be organised on a regular 'shuttle' basis (approximately every hour) throughout the hours of play, including practice. Transport must be available at least two to three hours before the first match is scheduled. Details of the transportation service must be given to players on arrival and displayed at both the Tournament site and hotel.

Detailed information about transportation between the nearest airport and official hotel/Tournament site as well as approximate fares by train, bus and taxi must be provided in the Fact Sheet.

Transportation must be provided for the Sports Physiotherapist (at least at all \$80,000 and \$100,000 Tournaments) and ITF Supervisor between the nearest airport/railway station, Tournament site and official hotel.

The Tournament is not obliged to provide transportation for players if the official hotel and the Tournament site is in walking distance. Details of a walking route must be provided and must be safe for the pedestrians. As a guide, "walking distance" should be no more than 1km or take no longer than 10 minutes.

21.1 Men's and Women's 15s and 25s Tournaments

The Tournament must make best efforts to provide transportation for the benefit of the entered players between the nearest airport and/or railway station and the Tournament site/official hotel. If this is not possible, precise travel directions and a guide to likely cost must be included in the Fact Sheet.

21.2 Women's 60s, 80s and 100s Tournaments

At Women's \$60,000, \$80,000 and \$100,000 the Tournament must provide transportation for the benefit of the entered players between the nearest airport and/or railway station and the Tournament site/official hotel. If a player is 17 of age or younger, the tournament must provide a chaperone (parent, coach, etc.) to be transported from the airport/railway to the Tournament site/hotel.

23 Wild Cards

National Associations are responsible for the selection and the awarding of the Wild Cards. If required by the ITF, National Associations/Tournament Organisers are obliged to provide an explanation of how the Wild Cards were selected at any Tournament in their nation.

The Tournament Organiser with the approval of the sanctioning National Association and the ITF may hold a Pre-Qualifying/Wild Card events to determine the selection of Wild Cards. Pre-Qualifying/Wild Cards for any ITF World Tennis Tour Tournament must take place prior to the Tournament Week.

Tournament Organisers may not require players to stay in the tournament hotel, be a member of a club or similar type condition in order to compete in a Pre-Qualifying/Wild Card tournament.

Tournament Organisers/National Associations must submit Pre/Qualifying/Wild Card tournament conditions to the ITF for approval and the ITF has the right to reject any tournament conditions created by the Tournament Organiser/National Association.

Women's Wild Cards

Wild Cards must be named by the Wednesday before the tournament starts, except in the case of \$60,000, \$80,000 and \$100,000 tournaments, for which two Wild Cards may be named at the time the Draw is made, always subject to the restrictions of the Age Eligibility Rule.

The names, nationalities and dates of birth of the Wild Cards must be sent to the ITF, WTA and appropriate Service Bureau immediately upon nomination. National Associations should confirm with players their availability to take a Wild Card prior to sending nominations to the Service Bureau. After the Freeze Deadline, new or replacement Wild Cards must be sent to the ITF Supervisor.

Tournaments should send written confirmation of the offer and acceptance of a Wild Card to players. Players and Tournament Organisers may not offer and/or receive any compensation for receiving or awarding a wild card. Acceptance of the offer of a Wild Card constitutes a player's Commitment to the Tournament.

C TOURNAMENT EXPENSES

1 Prize Money, Hospitality & Transport

As detailed in Section B.19 above, prize money should be paid either on-site in cash, check or by wire transfer. If a check is provided, and the player is not from the country the check is written then a local bank must be open to cash the check at no charge to the player. If banks are closed on the last day of the event, the tournament must provide a solution so players can receive their payment before leaving the event/country.

Many international players have difficulty cashing checks, so it is important to work with a local bank to make the process easy for players.

Wire transfers must be sent by Tuesday following the completion of the Tournament. Tournament Organisers are responsible for getting all of the appropriate tax information, bank transfer details so that payments are not delayed.

Each player should be provided a payment receipt of all earnings, fees, fines and taxes.

The prize money breakdown for each round is detailed in the ITF World Tennis Tour Regulations and the information is available in Tournament Planner and the ITF Supervisor can provide the Tournament Organiser with a spreadsheet.

	Minimum Fee Levels for Designated Officials (US Dollars per week)

Bottled water (in individually sealed containers) must be provided on court for players during all matches (also refer to Appendix C). There should not be a limit placed on the number of bottles of water a player can have during a match (unlimited).

Ice should be available to players during the tournament. Ice coolers and Ice bags should be available on court during hot days and should be available to treat injuries after their matches. It is recommended that ice coolers with ice bags be placed on each match court.

B. The Applicant is encouraged to take out those insurance policies that safeguard against employer's liability, business interruption and personal injury as well as any other appropriate insurance policies recognised under local law. In addition, it is strongly recommended that the Applicant obtain and maintain event cancellation and abandonment insurance which insures against all reasonably known financial risks arising

from the rescheduling, cancellation and/or abandonment in whole or in part of a Tournament due to force majeure

7 ITF Branding Guidelines

Tournament Organisers are required to produce and display the ITF World Tennis Tour logo. The ITF World Tennis Logo must be prominently displayed on all printed material and on the show courts. The ITF World Tennis Tour logo must be included on printed materials, tournament websites, draw sheets, advertising and promotional material, on-site or during broadcasts wherever the tournament logo or title is featured and on all show courts. If the court is live streamed the ITF World Tennis Tour Logo must be displayed. It is recommended to include the ITF Branding on shirts for Ball Persons.

Advertising guidelines can be found in the Rules of Tennis in Appendix IV.

Note: When on-court advertising is used on the playing surface it must start 3 meters behind the baseline and the lettering must match the same material and texture as the court surface to ensure footing for the players. It may be printed in white. Lettering placed on the side of the court should be sent for approval by the ITF.

Where on-court banners are used, they should be of uniform colour and must not be painted in light colours that will interfere with player visibility. All backdrops and windscreens (windbreaks) should not use shades of white or yellow lettering.

Branding requirements in relation to the ITF World Tennis Tours are available on the ITF's FTP site for Tournament Organisers and National Associations to download. Tournament Organisers can download logos, credential templates, poster templates, and other promotional items. Please contact the ITF for the website link at Mens@itftennis.com or Womens@itftennis.com.

Below find a few examples of tournament logos and their usage at ITF World Tennis Tour events in Appendix E.

ITF World Tennis Tour banners. Please ensure to label the name of each participant and/or individual in a photo and include the tournament name and the week of the event.

The ITF also accepts short videos of a maximum of 30 seconds which includes an exceptional rally or shot, match point in the final with player celebration or of a player holding the trophy. APPENDIX B

ITF WORLD TENNIS TOUR MINIMUM OFFICIATING REQUIREMENTS 2021

The following sets out 2021 minimum standards for ITF World Tennis Tour tournaments.

All references to ITF World Tennis Tour tournaments in this document refer to Men's and Women's ITF World Tennis Tour tournaments only and do not include ITF World Tennis Tour Junior tournaments.

National Associations that wish to supply a higher certification level of official, or more officials, than the minimum requirements are encouraged to do so. Any requests for these officiating requirements to be waived should be made to ITF Officiating at least eight (8) weeks prior to the tournament.

Officials' Proposal Forms must be submitted to the ITF for approval at least eight (8) weeks prior to the start of the tournament. Any changes to already approved Officials' Proposals must be communicated to the ITF for another approval.

There have been various changes to the 2021 Officiating Minimum Requirements, therefore please ensure you read all the information thoroughly.

1. ITF WORLD TENNIS TOUR SUPERVISOR

The Supervisor of an ITF World Tennis Tour tournament must be available from the Qualifying Sign-In until the End of Play on Finals Day and **may not leave or arrive late at an ITF World Tennis Tour tournament in progress without prior approval from ITF Officiating**. The ITF Supervisor must arrive on site of the tournament at least 4 hours before the Qualifying Sign-In deadline and inform the ITF World Tennis Tour staff (see contacts below) immediately if he/she will not be able to do so. The only exception to these requirements is when the Supervisor has to leave the tournament early to be the Supervisor of an ITF World Tennis Tour tournament the following week (see End of Week Referee below) or if another Supervisor arrives to the same site to conduct the Qualifying Sign-in and Qualifying for the following week.

If the End of Week Referee is required, the Supervisor cannot leave the tournament earlier than after the end of play on Saturday. No exception will be granted for a Supervisor to arrive after the Qualifying Sign-in Deadline (i.e. for the Main Draw) and/or leave before the end of the same tournament.

If an ITF Supervisor is required to leave a tournament early but is NOT travelling to another ITF World Tennis Tour tournament, he/she must contact ITF Officiating in writing for authorisation at least eight (8) weeks in advance of the tournament. He/she cannot commit to another event unless this is approved by ITF Officiating.

ITF Officiating must be informed if there are any potential conflicts between an ITF Supervisor's assignment at an ITF World Tennis Tour tournament and an assignment at an ATP Challenger Tour, an ATP Tour or a WTA event.

2. ITF WORLD TENNIS TOUR CHAIR UMPIRES

Each National Association/Tournament must appoint the minimum number of **Designated Chair Umpires** as per page 3/4 below and minimum number or **ALL** chair umpires as per the number of match courts:

Number of Match Courts	3	4	5	6
Number of Chair Umpires	5	6	8	9

If the Tournament/National Associations wishes to supply CUs for earlier rounds of Qualifying Draw than required, ALL matches in that round must have a chair umpire (i.e. not matches on Centre Court only).

All National Chair Umpires must be registered with ITF Officiating in order to be eligible to work at any Qualifying or Main Draw match of an ITF World Tennis Tour tournament.

A Designated Chair Umpire at an ITF World Tennis Tour tournament must be on-site for the Qualifying days (as per the Minimum Requirements - see below) and a sufficient number of designated officials ***must be available until the final day of the tournament*** unless otherwise approved by the ITF.

ITF Officiating must be informed if there are any potential conflicts between a Chair Umpire's assignment at an ITF World Tennis Tour tournament and an assignment at an ATP Challenger Tour, an ATP Tour or a WTA event. A Chair Umpire may not leave or arrive late at an ITF World Tennis Tour tournament in progress without prior approval from ITF Officiating.

3. END OF WEEK REFEREE (only applying to ITF World Tennis Tour tournaments with Prize Money \$15,000 and \$25,000)

If the ITF Supervisor of an ITF World Tennis Tour tournament is leaving before the end of the tournament to conduct the Qualifying Sign-In and Qualifying Draw of another ITF World Tennis Tour tournament or provided he/she has received prior approval from ITF Officiating, an End of Week Referee (EWR) must be proposed and approved by the ITF. An ITF Supervisor working at any Women's ITF World Tennis tournament with Prize Money of \$60,000 or higher must stay until the end.

A suitable EWR is one of the following:

1. International Referee (Gold or Silver);
2. Designate International Chair Umpire (Gold, Silver or Bronze);
3. White Badge Referee with sufficient experience;

If the event is a Combined Tournament, the End of Week Referee must hold an ITF Referee certification (White Badge Referee or higher).

If one of the Designate Chair Umpires becomes the EWR, he/she can no longer work as a Chair Umpire and therefore must be replaced with the same (or higher) Badge Chair Umpire for the days when he/she is acting as the EWR so that the minimum requirements are met and the required number and level of Designated Chair Umpires are present during the Final Week-end. All End of Week Referees will be subject to approval by ITF Officiating.

4. MINIMUM REQUIREMENTS FOR TOURNAMENTS PLAYED ON MORE THAN ONE SITE AND RESPONSIBILITY FOR ON-SITE ISSUES

Where a tournament is played on more than one site, an Assistant Referee (International Referee/International Chair Umpire/White Badge Referee approved by ITF Officiating) must be provided by the tournament to act as On-site Referee at the secondary site. The On-site Referee must be in constant contact with the ITF Supervisor, who will remain responsible for all issues arising on-site, but where communication with the ITF Supervisor is not possible the On-site Referee shall act on behalf of the ITF Supervisor. It is the tournament's responsibility to ensure the required number of Chair Umpires and Line Umpires are provided across both sites (in addition to the supplementary On-site Referee), in accordance with the Minimum Requirements.

5. ITF WORLD TENNIS TOUR TOURNAMENTS COMBINED WITH ATP TOURNAMENTS

The ITF World Tennis Tour tournaments should comply with the Minimum Officiating Requirements at individual ITF World Tennis Tour tournaments, regardless of the ATP Designations for Chair Umpires. Please note that the ITF Designate Chair Umpires, who are working at an ITF World Tennis Tour tournaments combined with an ATP event, may work as Chair Umpires at the ATP event if requested and at the condition that the Minimum Officiating Requirements for the ITF World Tennis Tour tournaments are complied with. However, an ATP Supervisor may not work as the ITF Supervisor of an ITF World Tennis tournament during the same week.

A tournament must comply with the Minimum Requirements for Line Umpires at ITF World Tennis Tour tournaments, regardless of the Minimum Requirements for Line Umpires at the ATP event. However, where possible, ITF World Tennis Tour tournaments are encouraged to match the Line Umpire requirements of ATP tournaments.

Tournament organisers should make reasonable efforts to ensure that all food and drink items provided for players are free of all substances listed in the prevailing version of the WADA Prohibited List. The Prohibited List can be found at www.itftennis.com/antidoping/rules/list.asp.

APPENDIX F - SECURITY

To minimize potential safety risks to players the ITF recommends the Applicant prepares and implements a robust Security Plan* (*where it is considered necessary the ITF reserves the right to require a Plan as part of the calendar application process).

This information does not constitute legal advice and is subsidiary to local law, regulation and best practice. The ITF advises each Regional and National Association and Tournament Organisers to take advice on local law, regulation and best practice to ensure that its tournament security and player protection and welfare policies are lawful and fit for purpose. Neither the ITF nor the Committee shall be held liable for any loss or damage caused as a result of reliance upon this information where to do so would be contrary to local law, regulation and best practice.

The *Safety/Security System* should include:

- A written security plan which considers:
 - An emergency evacuation plan (in case of fire, power failure, natural disaster, political instability or other circumstances that pose a substantial safety risk to on-site personnel)
 - Contact numbers for local authorities/police/fire/hospitals/and emergency services.
 - Reliable communication systems, such as mobile telephones, walkie-talkies or other devices, capable of operation in an emergency.
 - A nominated person responsible for coordinating security matters and any security related incidents which may arise.
- Personnel screening
 - It is recommended that all tournament personnel who will be in close contact with players (such as locker room attendants, medical personnel and sports Physiotherapists, massage therapist, stringers, drivers) are screened for suitability prior to the event.
 - The screening should include reference checks and verification of qualifications, licensure and experience where required (for example for medical personnel and drivers)
- Personnel orientation
 - Tournament staff (including volunteers) should be fully oriented with the Security Plan prior to the event. This orientation should include:
 - Providing each person with the emergency procedures and evacuation plan, including important telephone numbers
 - Knowing the location of the nearest exit; fire extinguisher; telephone and first aid station
 - Make staff aware they are subject to the rules of Tennis Anti-Corruption Program (TACP) and that extends for a period of 2 years.
- Accommodation screening
 - Official or recommended tournament accommodation must be suitable for players and must meet the requirements of the ITF World Tennis Tour Regulations, Organisational Requirements and ITF Player Welfare Policy.
 - Such accommodation should be screened prior to it being proposed on the tournament factsheet; it is recommended that a tournament representative personally conducts a check of the hotel.
 - Safety and security should be the key factor in the selection of official accommodation, in terms of its physical location, transportation and access.

APPENDIX G

VENUE ACCESS AND CREDENTIAL SYSTEM

In order to preserve and protect the integrity of the sport, including its players, access and movement of all individuals at the Tournaments venue must be controlled. The ITF requires that a venue access and credential system is in place as follows:

Restricted/controlled access

- The objective of accreditation is to provide safety and security to an event. There must be a clear separation between public access areas for spectators and restricted access for Tournament personnel, officials, players and player support teams
- Designated restricted access areas, such as private player only areas (i.e. the player locker rooms and treatment areas) and non-public areas of the venue (such as the Tournament offices, player lounge and on courts) must be clearly separated and marked.
- On-site public facilities, such as portable toilets, which are separate from player locker rooms must be provided
- Access to player locker rooms should only be provided to the credentialed player and authorised staff .
- Personal Coaches should not be given access to the same locker rooms as players. Other player guests should never be provided any access.
- Key access points, specifically, the locker rooms, treatment areas and player lounge, shall be staffed to prevent unauthorized access.

The *Credential System* must include (Please note: The ITF will roll out its own required credential system in 2021):

- Responsible person(s) to manage the credential process
 - Oversee the Tournament entry lists, personnel lists and the ITF and ITIA “no credential” list (ITF and ITIA lists are provided by ITF Supervisor to Tournament’s Credentialing Staff as needed); registering all participants, staff, coaches and guests; assigning access rights and privileges.
- Tournament-issued identification badges or credentials
 - Categorisation of Tournament personnel according to their positions, e.g. player, coach, playerguest, official, media, tournament staff. A basic system can use colour-coded badges to identify each category; recommended to have the player’s picture on the badge.
- On-site access
 - Clear “access charts”, used by security personnel/staff/volunteers/stewards to implement the credential system, shall be posted at entrances to restricted access areas, such as the players’ locker room, treatment areas, the players’ lounge and match courts.
- Personnel screening and orientation
 - It is a requirement that all Tournament personnel who will be in close contact with players (such as locker room attendants, medical personnel and therapists, stringers, drivers, etc.) are familiar with the credential system and are screened for suitability prior to the event.
 - All staff are covered by Tennis Anti-Corruption Program for 2 years and each individual working the tournament should be provided the details. The details are available at: www.itia.tennis

APPENDIX H BLENDED LINES

Specification

Blended lines were introduced as part of the ITF's [Play+Stay](#) and [Tennis10s](#) campaigns, aimed at increasing tennis participation worldwide.

Blended lines laid on courts to be used for matches at ITF World Tennis Tour Tournaments (see section B.2. Courts, for Tournament category restrictions) must use the following specifications:

1. The pace of the blended lines shall be no more than 5 CPR points different from the average CPR of the court.
2. The colour of the blended lines shall:
 - a. Be within the same 'colour family' as the 'background' court colour (i.e. if the background colour is a shade of blue, then the blended lines shall also be a shade of blue).
 - b. Be lighter, but not darker, than the 'background' court colour. The colour variation from the background colour shall be no more than (+)22 points on the L* CIELAB scale (this is a measure of the 'lightness' of the colour). A practical way of ensuring that this limit will not be breached is to add no more than 25% (by volume) of white paint to the background colour paint.
 - c. Be 1-1.5 cm narrower than the other playing (court) lines.
 - d. End 7-8 cm from the point at which they would intersect with the lines on the standard court.

Specific information about marking courts with blended lines can be found on the Play+Stay website, here:

<http://www.tennisplayandstay.com/tennis10s/about-tennis10s/markings-the-courts.aspx>.
